Re: Engineer's Letter Certifying Substantial Completion  
Construction of Water, Sanitary, and Drainage Facilities for Sterling Lakes North Section 8  
Contract No. 610.002.024.00

I, David L. Doran, P. E., observed construction of the above referenced Work for the District under the Contract. I, or my representative, have made a visual inspection of the Work at intervals during construction and observed that the improvements, to the best of my knowledge, are at least 95% complete and were constructed in conformance with the plans and specifications approved by all authorities with jurisdiction, and that record drawings will be furnished to the district.

Sincerely,

A handwritten signature in blue ink that reads "David L. Doran".
