IV. SITUATION & ASSUMPTIONS

A. Situation

Brazoria County is at risk from a number of hazards that could cause or threaten public health and safety and personal and government property; see Section IV.A of the basic plan for a summary of these hazards. Legal issues requiring timely resolution may arise during pre-disaster hazard mitigation designed to lessen the effects of known hazards, during pre-disaster preparedness activities designed to enhance the local capability to respond to a disaster, during the actual response to a disaster, or during the post-disaster recovery process.

B. Assumptions

1. Local emergency preparedness plans and programs should have a sound legal basis.
2. In responding to major emergencies and disasters, local officials may be required to take extraordinary measures to protect public health and safety and preserve property. They will also require timely advice regarding the legality of proposed measures.
3. Implementation of measures to protect public health and safety and preserve property during emergency recovery and mitigation activities generally require issuance of

appropriate legal documents. These should be prepared by competent legal service professionals.

V. CONCEPT OF OPERATIONS

A. General

1. Emergency Declaration

- a. Pursuant to Chapter 433, Texas Government Code (TGC), the chief elected official or the governing body of a city or county may request the Governor declare a state of emergency for a jurisdiction or a portion thereof. For purposes of this statute, an emergency exists in the following situations: riot or unlawful assembly by three or more persons acting together by use of force or violence, the existence of a clear and present danger of violence, or a natural or man-made disaster. The Governor may proclaim a state of emergency and issue directives to control and terminate the emergency and protect life and property. Directives issued by the Governor for a state of emergency expire 72 hours after issuance; however, successive states of emergency may be declared by the Governor. A sample request for an emergency declaration is provided in Appendix 1.
- b. The emergency declaration process is generally not used for natural or man-made disasters because: (1) it requires action by the Governor to resolve local problems rather than facilitating action by local officials, (2) the Governor's directives require advance notice before they become effective, and (3) directives are of very limited duration – 72 hours. Hence, a disaster declaration may be more appropriate for responding to natural or technological emergencies. An emergency declaration may be appropriate for security-related incidents where local law enforcement resources are inadequate to handle the situation.
- c. If the actions taken by the Governor after an initial emergency declaration do not resolve the emergency situation, the chief elected official or governing body may request that the emergency declaration be continued. If the local emergency situation that was the basis for an emergency declaration is resolved before the Governor's directives expire, it is desirable to advise the Governor that the emergency declaration is no longer required.

2. Disaster Declaration

- a. The Texas Disaster Act of 1975, Chapter 418, TGC, provides that the presiding officer of the governing body of a political subdivision (the County Judge of a county or the Mayor of a municipality) may declare a local state of disaster. A disaster declaration may be issued when a disaster has occurred or appears imminent. Chief elected officials, in order to respond to or recover from a significant natural or man-made disaster, typically use the disaster declaration process. A sample disaster declaration is provided in Appendix 2. Copies of a disaster declaration should be filed with the Texas Division of Emergency Management (TDEM) and the Brazoria County Clerk.
- b. Chapter 418.108 of the Texas Government Code provides that the county judge may declare a local state of disaster. A declaration of local disaster activates the

appropriate recovery and rehabilitation aspects of all applicable local or interjurisdictional emergency management plans and authorizes the furnishing of aid and assistance under the declaration. The County Judge may evacuate all or part of the population from a stricken or threatened area and may control the ingress to and egress from a disaster area.

- c. Chapter 418.1015 provides that when a state of disaster has been declared, the County Judge exercises similar powers on an appropriate local scale as have been granted to the Governor in the Disaster Act. Among those powers is the authority suspend procedural laws and rules, use public and private resources to respond to the disaster, control the movement of people, restrict the sale and transportation of certain items, and take a number of other actions. Once a state of disaster is declared, a city or county may enact an emergency ordinance or order describing the specific emergency regulations that are to be put into effect during the disaster. A sample emergency powers ordinance is provided in Appendix 5.
- d. Chapter 433 of the Texas Government Code limits the seizure and/or confiscation of any firearm or ammunition from individuals, except under specific circumstances.
- e. A disaster declaration may not be continued in force for more than seven days unless renewed by the Commissioners Court. A sample court order extending a disaster declaration is provided in Appendix 3. The Commissioners Court may terminate a state of disaster at any time; this approach is typically used when the threat that gave rise to the disaster declaration has subsided. Alternatively, the Commissioners Court may choose to simply let the declaration expire by taking no action to extend it. A sample ordinance/court order terminating a disaster declaration is provided in Appendix 4.

3. Continuity of Government

Pursuant to Chapter 418 of the Texas Government Code, the Commissioners Court of Brazoria County will adopt a plan for the continuity of the functions of the County during a presidential and/or gubernatorial declared disaster or other catastrophic event. The County Continuity of Operations Plan will provide for:

- a. The delegation of administrative duties of the Commissioners Court or any official or employee of the County to another appropriate person;
- b. The establishment of orders of succession for performing essential functions of the County;
- c. The establishment of meeting procedures for the Commissioners Court;
- d. The plan will not provide for the delegation of a duty required by the Texas Constitution; and
- e. The waiving of the requirement for a quorum for members of the Commissioners Court, except where otherwise prohibited by law, if:
 - 1) The County is wholly or partly in the area of a disaster declared by the president or governor; and
 - 2) A majority of the Commissioners Court are unable to be present at a meeting as a result of the disaster.

4. Authority for Evacuations

Government Code section 418 provides a County Judge with the authority to order the evacuation of all or part of the population from a stricken or threatened area under their within their respective jurisdiction or authority

5. County Regulation of Outdoor Burning & Use of Fireworks

During drought conditions, there is an increased threat of wildfires; therefore, the Local Government Code gives counties authority to mitigate this risk by restricting outdoor burning and the use of fireworks in unincorporated areas under certain circumstances.

- a. Pursuant to §352.081 of the Local Government Code, the Commissioners Court of a county by order may restrict outdoor burning in general or outdoor burning of a particular substance in all or part of the unincorporated area of the county if drought conditions have been determined by the Texas Forest Service to exist or county officials find that circumstances exist in all or parts of the unincorporated areas of the county that create a public safety hazard that would be exacerbated by outdoor burning. A procedure for implementing restrictions on outdoor burning is for the County Judge to issue a disaster declaration pursuant to the Texas Disaster Act based on the imminent threat of wildfire. Then, the Commissioners Court issues an emergency order restricting outdoor burning in all unincorporated areas of the county or portions of those areas. An order adopted must specify the period during which outdoor burning is prohibited or restricted. The period may not extend beyond the 90th day after the date the order is adopted. Such orders for the Fourth of July fireworks season must be issued by June 15th ending sales by midnight July 4th and by December 15th ending sales by midnight January 1st for the December fireworks season. A sample disaster declaration based on a threat of wildfire is provided in Appendix 6. A sample Commissioners Court order banning outdoor burning is provided in Appendix 7.
- b. Pursuant to §352.051 of the Local Government Code, counties may prohibit or restrict the sale or use of fireworks in unincorporated areas of the county if drought conditions have been determined to exist by the Texas Forest Service.

1. Mitigation
