FMV TOTAL	FMV LEASE OPTION	BO TOTAL	BO LEASE OPTION
\$11,903.40	\$345.32/Month	\$11,903.40	\$393.76/Month

Monthly payment based on 36 month lease. Other terms and options are available. Contact your Account Manager for details. Payment quoted is subject to change.

Why finance?

- Lower Upfront Costs. Get the products you need without impacting cash flow. Preserve your working capital and existing credit line.
- Flexible Payment Terms. 100% financing with no money down, payment deferrals and payment schedules that match your company's business cycles.
- Predictable, Low Monthly Payments. Pay over time. Lease payments are fixed and can be tailored to your budget levels or revenue streams.
- Technology Refresh. Keep current technology with minimal financial impact or risk. Add-on or upgrade during the lease term and choose to return or purchase the equipment at end of lease.
- Bundle Costs. You can combine hardware, software, and services into a single transaction and pay for your software licenses over time! We know your challenges and understand the need for flexibility.

General Terms and Conditions:

This quote is not legally binding and is for discussion purposes only. The rates are estimate only and are based on a collection of industry data from numerous sources. All rates and financial quotes are subject to final review, approval, and documentation by our leasing partners. Payments above exclude all applicable taxes. Financing is subject to credit approval and review of final equipment and services configuration. Fair Market Value leases are structured with the assumption that the equipment has a residual value at the end of the lease term.

Company Overview

Sarvicus means “Service Spelled a Little Bit Differently”. We’re a team of experienced Information Technology and Utility professionals with over 50+ years of Information Technology leadership in large organizations such as Memorial Hermann Healthcare, EMC, Cisco, Microsoft, Waste Management, and Lyondellbasell. Sarvicus can help customize just about any solution that blends technology, innovation, specialized partners, etc., and bind it all together with real world, no nonsense service.

Founded in 2010 by Marc Packard and Lee Hartley, Sarvicus started as a services and customer-centric organization focusing on custom Information Technology solutions. Their belief of delivering quality, cost effective, positive customer experiences has been at the forefront of Sarvicus’ focus. Today, the Sarvicus Team focuses on school districts, government municipalities, and commercial clients. We believe in bringing enterprise proven solutions to our customers with an experience that focuses on their business while also impacting their bottom line. Sarvicus is a disabled veteran owned business and looks forward to serving the needs of our communities. We are a service disabled veteran owned small business (SDVOSB), Historically Underutilized Business (HUB), Texas DIR, and BBB A+ accredited business. Sarvicus has earned the rank of 324 on the 2020 Inc. 5000 list (499 on the 2019 list) of the fastest-growing private companies in America.

We look forward to providing your organization cost effective services in a competitive marketplace. Sarvicus offers a broad portfolio of IT and Utility services. We pride ourselves on focusing on the customer, not just the service.

Sincerely,

Marc Packard
CEO

Scope Of Work

The Sarvicus Scope of Work (SOW) may include a variety of services. The most common services performed are:

Pre-Deployment Survey

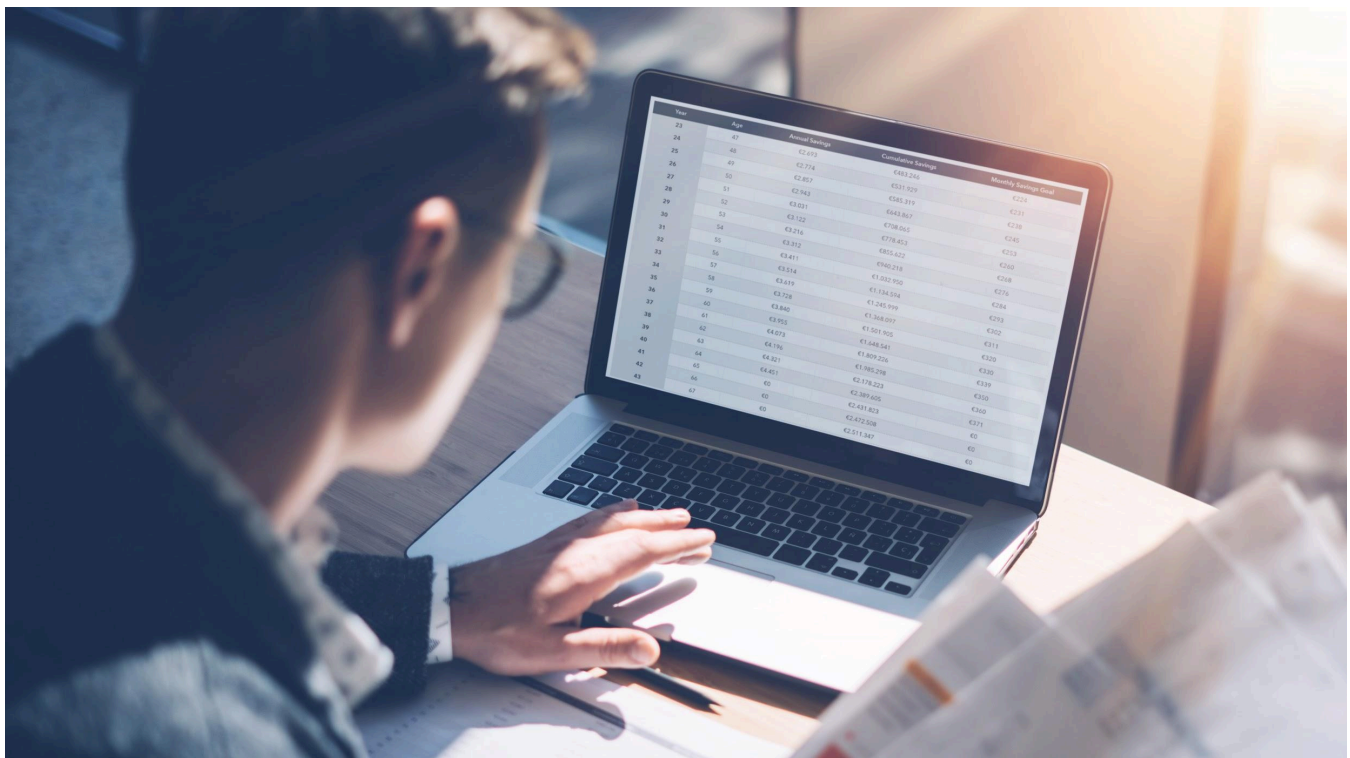

Equipment Provisioning

Installation and Configuration Services

Licensing Activations

Project Management

Testing

Statement of Work:

Sarvicus to work with the Brazoria County IT team to install a total of 134 new Commscope Cat 6 drops at the new Parks Admin HQ Building with a full 20 year manufacturer warranty. The anticipated number of drops of 134 was an estimate provided by Sarvicus using the provided drawings. Sarvicus will provide and install two new Siemon floor mounted racks with vertical manager systems. All cabinet systems shall include the required 12" ladder racks, termination hardware and grounding where needed. All Cabinets will be grounded using stranded #6 AWG insulated copper conductor. Each Cabinet will have a rack mount ground bar installed with one wall mount ground bar per MDF/IDF. Sarvicus will install an estimated 5 cable trays required per site. Sarvicus will install a support system where needed using a J-hook modular cable support system at 48" intervals unless installed in conduit. The cable supports shall be supported from the basic building structure. Sarvicus will provide a minimum of 10' service loop at all headend locations properly supported above ceiling. An additional 5' service loop shall be provided above ceiling at the outlet location. Sarvicus shall test all station drop cable pairs from Data Closet termination patch panels to outlet device RJ45 jacks. Category 6A products shall be tested for compliance to ANSI/TIA/EIA 568A and ISO/IES 11801 for a Category 6A rated installation. Test equipment used shall meet TIA/EIA TSB-67, Level II accuracy.

Phase - Station Wiring Installation

- 134 X Commscope Cat 6 Data Drops
- 134 X Commscope Cat 6 Data Jacks (Color TBD)
- 67 X Commscope Dual Port Faceplates
- 100 X Stiffy new 2" j hooks
- 34 X 7th Cat 6 Patch Cables

Phase – Data Closet Termination Hardware

- 5 X Commscope 48 Port Modular Patch Panels
- 134 X Commscope Cat 6 Data Jacks (Color TBD)
- 2 X Siemon Two Post 19 inch racks
- 2 X CPI 12 inch Ladder Tray 10ft Sticks
- 2 X CPI 12 Inch Ladder tray Kits
- 2 X CPI Wall Angle Brackets
- 2 X Rack Mount Ground Bars
- 1 X Wall Mount Ground Bars
- 30 ft of #6 Ground Wire with 2 hole ground lugs

Customer Responsibilities

To ensure the project is completed on time and within budget, all applicable customer responsibilities must be outlined such that clear communications exist around these responsibilities. It is critical to the success of this engagement that all customer responsibilities are completed on time, and in the manner that is communicated to Sarvicus as failure to do so could result in delays.

1. Customer to provide premises access during normal working hours, as defined below.
2. Customer to provide access to the area to perform the work outlined in SOW.
3. Unless included in the SOW, Customer to provide hardware, cabling, and active licenses.
4. Customer to provide network access to perform the work outlined in SOW.
5. Customer to provide sufficient electrical power to perform the work outlined in SOW.

Assumptions and Exclusions

The following is a list of assumptions and exclusions:

1. Proposal is based on normal working hours which are defined as 7:00am to 5:00pm, Monday through Friday.
2. Proposal is based on available access to all work areas during normal working hours.
3. Sarvicus does not provide any hardware or software not identified specifically in the statement of work.
4. Sarvicus may at their discretion activate licenses and configure network equipment before deployment or remotely.
5. Quotes are valid for 30 days unless otherwise specified.
6. Due to COVID and market conditions, materials may have additional lead times and/or availability. Sarvicus will honor all price increases that are less than or equal to 5%. If a specific material has significantly lead times or non-availability, Sarvicus may substitute with comparable materials.

Pricing

Sarvicus presents the following pricing:

CABLING

	Installation Labor	Installation Materials	Total
Copper & Fiber Backbone	\$25,055.25	\$25,055.25	\$54,939.48
Tax			\$4,523.48
Grand Total			\$59,471.68

Issue Management/Escalation Procedures

In the unlikely event of a conflict between Sarvicus and the customer, we expect the project team members will first strive to resolve the issue internally. If the project team members cannot resolve the conflict within one (1) working day, the Sarvicus Project Manager and the customer representative will meet to resolve the issue.

Should the issue remain unresolved, Sarvicus Management will meet with the customer management representatives.

Disclaimers and Stipulations

This Statement of Work (SOW) will in no event create or imply any obligations with respect to work activities or services that are not specified in this SOW. Any additional services or assistance requested by a customer, its subsidiaries, affiliates, or other customer contractors/subcontractors must be contracted for separately or amended accordingly and billed at current prevailing rates for skills requested at the time of occurrence.

Any project delays caused by customer or Sarvicus which impacts the overall project timeline may result in additional charges to ensure the project is completed on schedule. All additional charges will be communicated in advance, and no new work shall be authorized until acceptance by the appropriate parties.

Agreement

A submitted purchase order (PO) will constitute an agreement to execute this SOW.

The Sarvicus logo is displayed in a white box against a dark blue background with a network diagram. The logo itself is in a bold, lowercase, sans-serif font.

**We're proud to be a Military Veteran
Owned and Operated Business**
