Proclamation - Pollinator Week

Approve the Proclamation designating June 23, 2025 through June 27, 2025 as Pollinator Week in Brazoria County.

PROCLAMATION

WHEREAS, pollinator species such as birds and insects are essential partners of farmers and ranchers in producing much of our food supply; and

WHEREAS, pollination plays a vital role in the health of our national forests and grasslands, which provide forage, fish and wildlife, timber, water, mineral resources, and recreational opportunities as well as enhanced economic development opportunities for communities; and

WHEREAS, pollinator species provide significant environmental benefits that are necessary for maintaining healthy, biodiverse ecosystems; and

WHEREAS, the County of Brazoria has managed wildlife habitats and public lands such as County parks and grasslands for decades; and

WHEREAS, the County of Brazoria provides producers with conservation assistance to promote wise conservation stewardship, including the protection and maintenance of pollinators and their habitats on working lands and wildlands.

NOW, THEREFORE, the Brazoria County Commissioners Court does hereby Proclaim the week of June 23, 2025 through June 27, 2025 as

POLLINATOR WEEK

in Brazoria County Texas.

June 1, 2025

Judge Matt Sebesta, County Judge
111 East Locust Street
Angleton, Texas 77515

Subject: Request for Appointment Consideration – GCWA Board of Directors

Dear Judge Sebesta,

In accordance with the Gulf Coast Water Authority's enabling legislation (Section 5), three (3) directors are appointed by the Brazoria County Commissioners Court. These appointments include one representative for municipal interests, one for agricultural interests, and one representing Brazoria County at large. Directors must be residents of the State of Texas, and those appointed to represent municipal or industrial interests must either be a customer of or represent an entity that is a customer of the district. Each director serves a two-year term, with terms staggered to end on August 31 of the applicable year.

Please note that the term for the **Brazoria County Municipal Position 1**, currently held by **Mr. David Sohns**, will expire on **August 31, 2025**.

The district respectfully requests that the appointment or reappointment for this position be brought before the **Brazoria County Commissioners Court** for consideration prior to the expiration date. Once a decision has been made, we kindly ask that it be communicated via email to rdondonay@gcwatx.gov.

Should you have any questions or require additional information, please do not hesitate to contact me at **(409) 502-2896** or bwade@gcwatx.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "BW", is written over a light blue horizontal line.

COMMISSIONERS COURT OF BRAZORIA COUNTY

ORDER NO. H.9.

6/24/2025

Airport Lease Agreement - L3 Harris Technologies, Inc.

The County hereby authorizes the ADS-B WAM Radio Site Facility & Tower Lease Agreement attached hereto.

Further, County Judge is hereby authorized to sign the Agreement upon final review by the District Attorney's Office.

ADS-B WAM RADIO SITE
FACILITY & TOWER LEASE AGREEMENT
SV179-02

This Lease Agreement (the “Agreement”) is made between **Brazoria County, Texas** herein called Lessor, and **L3Harris Technologies, Inc.**, herein called Lessee on _____.

The purpose of this Agreement is to support Lessee’s efforts under its Prime Contract No. DTFAWA-07-C-00067, including all amendments and modifications thereto, with the Federal Aviation Administration (FAA). Furthermore, this agreement is to support the Lessee’s efforts under its ADS-B Bridge Prime Contract to be awarded on October 1, 2025, and any future ADS-B Recompete Contracts awarded by the FAA to Lessee.

Any “Exhibit” referenced herein and attached hereto is hereby incorporated in its entirety into this Agreement.

Lessor hereby leases to Lessee the premises situated at Texas Gulf Coast Regional Airport, and as further described at *Exhibit A*, upon the following TERMS and CONDITIONS:

1. **Initial Lease Term.** Lessor leases the above premises to Lessee for a term of five (5) years (the “Initial Lease Term”), commencing on the date of award as described above and terminating five (5) years after the commencement of the term, except as otherwise provided herein.
2. **Renewal Terms.** Lessee shall have the option to renew the Agreement for three (3) additional terms of five (5) years each (the “Renewal Term”). All of the terms and conditions of the Agreement shall apply during the Renewal Term. Unless notice is given by Lessee to Lessor thirty (30) days prior to expiration of the then current term, the Agreement will automatically renew for an additional Renewal Term.
3. **Rent.** Lessee shall pay the Lessor no monetary consideration in the form of rental.
4. **Public Utilities.** Lessee is responsible for the provision of any and all required electrical power and/or telecommunications services to the premises for the term of this Agreement, unless otherwise specified in this Agreement.

5. Termination.

- a. **Termination due to Default.** Either Party may terminate this Agreement by written notice to the other Party if the other Party is in material default of this Agreement and has failed to cure such default within thirty (30) days after receipt of written notice of such default, or other extended period as agreed to by the Parties.
- b. **Termination due to Eminent Domain.** If the premises or any part thereof materially affecting Lessee's use of the premises, shall be taken by eminent domain, this Agreement shall terminate on the date when title vests pursuant to such taking. Lessee shall be entitled to part of any award for such taking limited to any taking of fixtures and improvements owned by Lessee and for moving expenses.
- c. **Termination due to Destruction of Premises.** In the event of a whole or partial destruction of the premises during the term hereof due to fire or any other cause, Lessee shall forthwith repair the same, provided that such repairs can be made within sixty (60) days under existing governmental laws and regulations. If such repairs cannot be made within said sixty (60) days, Lessor, at its option, may terminate this Agreement.
- d. **Termination due to Environmental and Structural Evaluation.** Lessee may terminate this Agreement upon thirty (30) days written notice to Lessor if Lessee determines through environmental study or structural analysis that the premises is not acceptable for use by Lessee or able to accommodate Lessee's equipment.
- e. **Termination due to Governmental Permits.** Lessee may terminate this Agreement upon sixty (60) days written notice to Lessor if any governmental approval, authorization, or permit required to install at or operate from the premises is denied, delayed, or revoked after diligent effort by Lessee to attain and maintain such approval, authorization, or permit. Lessor shall cooperate with Lessee in attaining any required approvals, authorizations, or permits.
- f. **Termination due to Federal Prime Contract.** Lessee may terminate this Agreement upon sixty (60) days written notice to Lessor in the event that the Lessee's Prime Contract with the FAA is terminated, discontinued, or modified in any way that would eliminate the Lessee's need for this Agreement.
- g. **Termination due to System Performance.** Lessee may terminate this Agreement upon sixty (60) days written notice to Lessor in the event that the premises is determined, at the sole discretion of Lessee, (i) not to provide satisfactorily efficient

and effective air traffic coverage, (ii) electrical power, telecommunications, maintenance access, or related availability factors at the premises proves unacceptable for the purpose of Lessee's equipment, or (ii) Lessee's equipment performance has been materially and adversely affected as a result of any man-made obstructions or interference from other users.

h. **Termination for Convenience.** Either Lessor or Lessee may terminate this Agreement without cause upon one-hundred and eighty (180) days written notice to the other.

6. **Quiet Enjoyment.** Lessor warrants that it has good and valid title to the premises, and rights of ingress and egress, and warrants and covenants to defend Lessee's use and enjoyment of said premises against third party claims.
7. **Use of Premises.** Lessee shall use and occupy the premises for the purpose of operating a communications site. The premises shall be used by Lessee for no other purpose. Lessor represents that the premises may lawfully be used for such purpose. Lessee shall be permitted to change to other type of antennas, antenna mountings, or transmission lines that have approximately the same effect on the tower structure load, and approximately the same effect with respect to material interference to other users of antennas located on the tower. In the event that these changes require an updated stress load analysis to be performed, Lessee agrees to pay the cost of having it performed by a qualified Professional Engineer. In the event that the Lessee requires additional antennas, transmission lines, and related mounting hardware to be added to the tower structure in the future, Lessee agrees to provide an updated stress load analysis performed by a qualified Professional Engineer. In any event, such proposed changes or alterations will only be commenced with advance notice and permission in writing from Lessor, which shall not be unreasonably withheld.
8. **Tower Maintenance.** Lessee represents and warrants that its operation of the tower, including the lighting system, meets and will be maintained in accordance with all applicable laws, rules and regulations, including, without limitation, rules and regulations of the Federal Communications Commission (FCC), FAA and all applicable local codes and regulations. Lessee shall maintain the site in good repair, including all structures, improvements, and surrounding areas. Maintenance includes but is not limited to painting, landscaping, and general maintenance. Maintenance shall be completed within sixty (60) days of notice from Lessor unless otherwise agreed in writing.
9. **Entry and Inspection.** Nothing in this Agreement shall limit the rights of Lessor to enter upon the property or facility in which the leased premises are located, or authorize others to do so, for any purpose that does not materially interfere with Lessee operations from the premises.

10. **Ordinances and Statutes.** Lessee shall comply with all statutes, ordinances and requirements of all local, state and federal authorities now in force, or which may hereafter be in force, pertaining to the premises, occasioned by or affecting the use thereof by Lessee. Lessee shall comply with all regulations of the FCC pertaining to Lessee's use of the premises.
11. **Taxes.** All equipment attached to or otherwise brought onto the site by Lessee shall at all times be deemed to be Lessee's personal property. Lessee shall pay directly to the taxing authority any personal property taxes which may be assessed with respect to such equipment.
12. **Insurance.** Lessee shall maintain in effect during the term of this Agreement the following insurance:
 - a. Worker's Compensation Insurance with statutory limits in accordance with all applicable state, federal and maritime laws, and Employers' Liability Insurance with limits of \$500,000.00 per accident/per disease per employee/policy limit, or in accordance with all applicable state, federal and maritime laws.
 - b. Commercial General Liability Insurance (Bodily Injury and Property Damage) the limits of liability of which shall be \$1,000,000.00 per occurrence and in the aggregate.

NOTWITHSTANDING ANY OTHER PROVISIONS OF THIS AGREEMENT, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, NEITHER PARTY SHALL HAVE ANY LIABILITY TO THE OTHER FOR ANY INCIDENTAL, SPECIAL, PUNITIVE, CONSEQUENTIAL, EXEMPLARY OR INDIRECT DAMAGES WHATSOEVER (INCLUDING WITHOUT LIMITATION, LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, OR ANY OTHER PECUNIARY LOSS) ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, LESSEES' EQUIPMENT OR THE PREMISES, EVEN IF THE OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE WAIVER OF DAMAGES CONTAINED IN THIS PARAGRAPH SHALL SURVIVE ANY TERMINATION OF THIS AGREEMENT.

13. **Hazardous Substance.** The parties agree that the premises shall be maintained in compliance with all local, state, and federal laws and regulations pertaining to the use, storage, or presence of hazardous substances.

Lessee agrees to save and hold Lessor harmless from any and all costs, liabilities and/or claims by third parties that arise out of hazardous contamination found on the leased premises directly attributable to actions of Lessee.

L3Harris Technologies Inc
SV179-02 Brazoria County Airport

14. **Material Interference.** In the event that Lessor shall conclude that any changed circumstances or condition related to use by Lessee of the premises has resulted in material interference generated by the actions of, or equipment owned or operated by Lessee, to the licensed broadcast activity or the signal transmissions of Lessor or other tenant's signal transmissions, Lessor may notify Lessee and Lessee shall forthwith, and upon FCC approval (if required), take expedited action, remedy or prevent such interference, or conduct such testing as may be required to verify that Lessee's equipment is in operational compliance with FCC regulations and Lessee's FCC licenses.

Lessee's rights in and to use of the premises shall be subject to Lessor's right to use and to permit others to use the premises as is reasonably required by such others for such other purposes as Lessor may permit, except for those portions of the premises exclusively reserved for use by Lessee. Lessor agrees not to enter into a future lease of any space on the premises which would materially interfere with the broadcast activity or the signal of Lessee, and to include in each future lease of any space on the premises a provision addressing any interference by such tenant with the broadcast activity or signal of Lessee, in substantially the same form as that set forth above.

Subject to FCC rules and regulations and other applicable law, priority protection from interference between multiple licensed users shall be based on the accepted industry standard in establishing the priority of occupancy of each user to another user of the tower. Each licensed user's priority shall be maintained so long as the licensed user does not materially change the equipment and/or frequency that it is entitled to use on the tower at the time of its initial occupancy.

15. **Notices and Demands.** All notices, demands or requests which may be given by any Party to the other Party under this Agreement shall be in writing and shall be deemed to have been duly delivered on the date delivered in person or sent via telefax or cable, or three (3) business days after the date deposited, postage prepaid, in the United States mail via certified mail return receipt requested, and addressed as follows, or at such other places as may be designated by the Parties from time to time:

16. **Contract Disputes.** This Agreement shall be governed by the laws of the state in which the premises are located, regardless of its choice of law provisions.
17. **Assignment and Subletting.** Lessee shall not have the right to assign this Agreement or sublet any portion of the premises without the prior consent of the Lessor, which shall not be unreasonably withheld, conditioned, or delayed. The foregoing shall not apply if the Mission Networks business unit is acquired in its entirety; under such circumstances consent would not be required, however, written notice to Lessor is required within 30 days of acquisition.
18. **Successors.** The terms and provisions of this Agreement and the conditions herein bind the Lessor and the Lessor's administrators, successors, and assigns. The terms and provisions of this Agreement and the conditions herein bind Lessee and Lessee's heirs, executors, administrators, successors, and assigns.
19. **Severability.** If any provision of this Agreement is found invalid or unenforceable under judicial decree or decision, the remaining provisions of this Agreement shall remain in full force and effect.
20. **Entire Agreement.** This Agreement constitutes the entire agreement between the Parties and may be modified only in writing signed by both Parties.

In witness whereof, the Parties have executed this Agreement by their duly authorized officers or representatives as of the date shown below.

Description of basic functionality

Operation of time delays and corresponding relay output signals

Example for SOURCE 1 Priority, SOURCE 2 = Generator

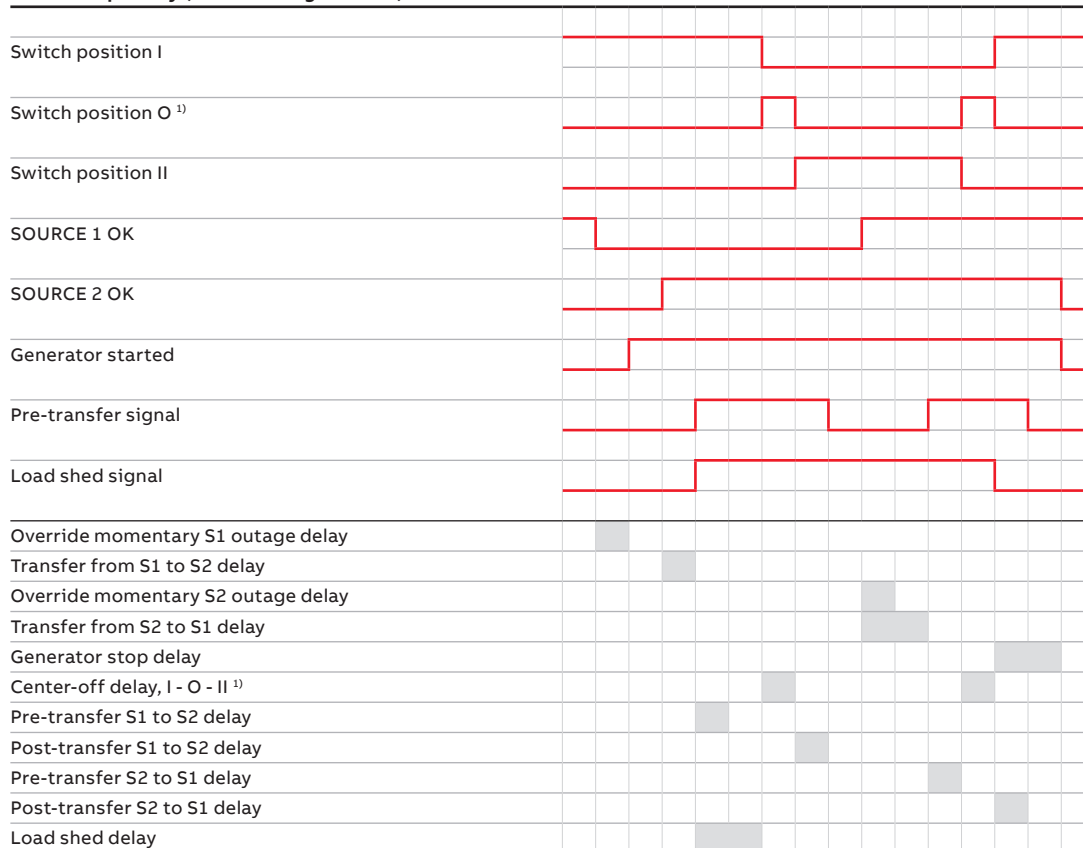

The automatic switching sequence can be summarized in the following steps:

- An anomaly occurs on the SOURCE 1
- Override momentary S1 outage delay
- Generator start
- SOURCE 2 OK
- Transfer from S1 to S2 delay
- Pre-transfer signal on
- Load shed signal on
- Pre-transfer S1 to S2 delay
- Load shed delay
- Transfer switch (SOURCE 1) to the position O
- Center-off delay
(only with Delayed transition I - O - II type)
- Transfer switch (SOURCE 2) to the position II
- Post-transfer S1 to S2 delay
- Pre-transfer signal off

The re-transfer sequence can be summarized in the following steps:

- The SOURCE 1 is restored
- Transfer from S2 to S1 delay
- Pre-transfer signal on
- Pre-transfer S2 to S1 delay
- Transfer switch (SOURCE 2) to the position O
- Center-off delay
(only with Delayed transition I - O - II type)
- Transfer switch (SOURCE 1) to the position I
- Load shed signal off
- Generator stop delay
- Post-transfer S2 to S1 delay
- Pre-transfer signal off
- Generator stop
- SOURCE 2 off

SOURCE 1 priority (SOURCE 2 = generator)

OXEA1

Auxiliary power supply module

The OXEA1 auxiliary power supply module is used for: a) connecting connectivity modules (signaling and communication) to the switch b) powering the ATS controller and connectivity modules from auxiliary 12-24 Vdc power supply, to keep them operational during power failures. A 12-24Vdc power supply is not required when line power is available but it is necessary to keep the modules operational during power failures. Auxiliary power supply module is included automatically when Ekip Com modules are selected in a Zenith order code.

Connectivity modules

The connectivity modules are used in combination with OXEA1 auxiliary power supply module to enable communication capabilities (Ekip Com modules) and increase the number of digital inputs and outputs (Ekip Signaling modules). The maximum number of additional modules depends on the Zenith ZTG switch size: 30-260 Amp sizes can fit three additional modules and 400-1200 Amp sizes can fit four additional modules. These modules are available on Zenith ZTG up to 1200A.

EKIP COM

Communication modules

The Ekip Com modules enable Zenith ZTG to be integrated in an industrial communication network for remote supervision and control of the switch. Several Ekip Com modules can be installed at the same time, thereby enabling connection to communication systems that use different protocols. The Ekip Com modules for Modbus RTU, Profibus-DP and DeviceNet contain a terminating resistor and dip switch for optional activation to terminate the serial network or bus. The Profibus-DP module also contains a polarization resistor and dip switch for its activation.

Available com modules:

- Modbus RTU
- Modbus TCP
- Profibus DP
- Profinet
- EtherNet / IP
- DeviceNet

EKIP 2K SIGNALING

—

Signaling modules

Each Ekip 2K Signaling module adds two input and two output contacts for controlling and remote signaling. They can be programmed from the HMI or with the Ekip Programming module and free Ekip Connect software. Zenith ZTG can be configured with up to 3 Ekip Signaling modules, for a total of 6 additional inputs and 6 additional outputs. If ordered separately, the Signaling modules have 3 different part numbers, associated with the DI/DO numbering. More than one of the same type should not be used on the same switch simultaneously.

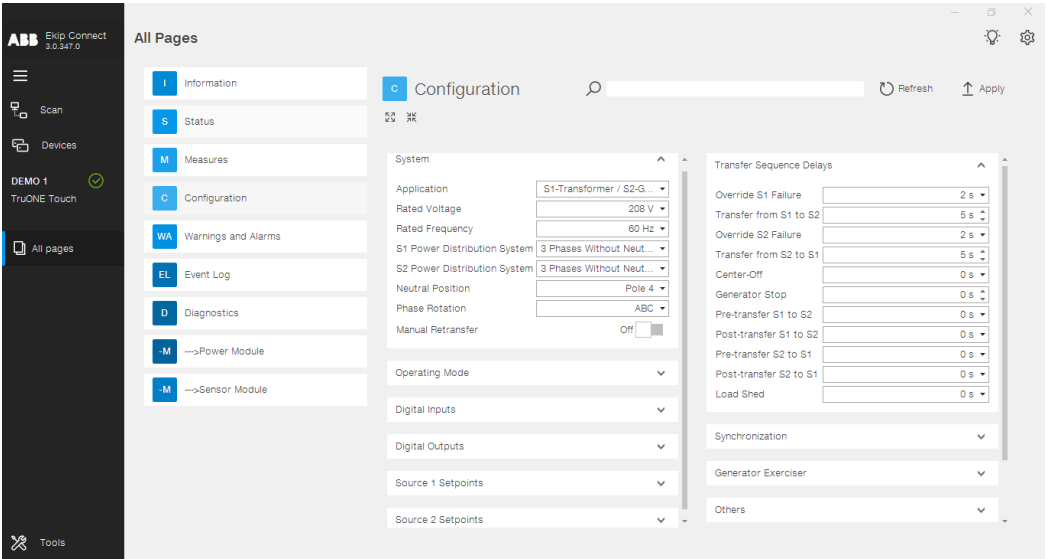

EKIP PROGRAMMING

—

Ekip Programming module

The Ekip Programming module is used for programming ZEAKEPPGM is a separate accessory used for programming Zenith ZTG via USB to a PC using the Ekip Connect software that can be downloaded library.abb.com. It enables both online (line power available) and offline (no line power available) programming.

Brazoria County Sheriff's Office

Ref: Replace damaged ATS at the County Jail

To: Mr. Chad Jones

We are please to provide a quote to provide a new 800A ATS with "temporary" wiring to replace the damaged 800A ATS as we discussed for \$31,000.00. This price includes a new ATS (see attachment), misc. materials, and labor to install the new ATS. We propose to leave the existing ATS in place so that in the future we can convert it into a junction box (If we can leave the existing ATS in place the new ATS that we will be installing will be available for future use by the County on other projects.) We have included overtime costs for the work required during the "shut down" so that the work can be done in the middle of the night on any day other than Saturday or Sunday. We propose to complete all work required before the "shut down" during normal working hours in an effort to minimize the duration of the "shut down".

Thanks for the opportunity to provide this quote. Please contact me anytime if you have questions or if you need any additional information.

Sincerely,

Wayne Berkenmeier

COMMISSIONERS COURT OF BRAZORIA COUNTY

ORDER NO. H.12.

6/24/2025

Resolution - Texas Secretary of State 2025 Election Security Sub-Grant

Consider, approve, and authorize the attached Resolution relating to the Texas Secretary of State 2025 HAVA Election Security Sub-Grant, regarding Brazoria County's request for financial assistance in the amount of \$180,704.00 to purchase 200 ePollbooks and their necessary accessories.

If awarded, the County's required 20% local match, in the amount of \$36,141.00, will be provided for from the Elections Department's approved Fiscal Year 2025 General Fund budget and transferred to a Special Revenue Fund.

Further, the County Judge is hereby authorized to act as the Grant's Authorized Representative and sign any documentation related to the application for the Grant upon review by the District Attorney's - Civil Division Office.

RESOLUTION

WHEREAS, an agreement between Brazoria County and the State of Texas - Office of the Secretary of State is authorized under section 101 of the Help America Vote Act 2002 and in consultation and agreement with the county election official(s) as defined in sections 12.001 and 31.091 of the Texas Election Code; and

WHEREAS, Brazoria County Commissioners Court agrees that expenditure of Grant funds will be held in accordance with applicable federal and state law.

WHEREAS, Brazoria County Commissioners Court assigns Lisa Mujica, Election Director, as a Single Point of Contact (SPOC) to act on behalf of the county in communicating with the Office of the Secretary of State, including the submission of reimbursement requests and any other required reports; and

WHEREAS, Brazoria County intends to apply \$180,704.00 in Grant-awarded funding and \$36,141.00 in County funding to purchase 200 ePollbooks and their necessary accessories, costing \$216,845.00 total; and

WHEREAS, Brazoria County Commissioners Court agrees claims against the fund shall be audited and approved in the same manner as other claims against the county before they are paid; and

WHEREAS, Brazoria County Commissioners Court agrees that it will not consider the availability of the funds in adopting the county budget; and

WHEREAS, Brazoria County Commissioners Court agrees that in the event of loss, misuse, or noncompliance pursuant to any grant award agreement with the Secretary of State, Brazoria County Commissioners Court assures that the funds will be returned to the Office of the Secretary of State in full.

APPROVED this 24th day June, 2025.

Purpose
As authorized under Section 101 of the Help America Vote Act of 2002 (P.L. 107-252) (HAVA), the purpose of this award is to “improve the administration of elections for Federal office, including to enhance election technology and make election security improvements” to the systems, equipment and processes used in federal elections.
Receipt of Funds
This is a reimbursement grant. The Secretary of State will provide instructions regarding accessing the funds. Although interest will typically not be earned, all funds must be deposited into an interest-bearing account in a fund designated for HAVA funds. Interest earned on this award’s funds and any net program income shall be retained in the fund and used for allowable activities described in Section 101 of HAVA. Program income is defined as revenue received from a grant-supported activity during the grant period, such as fees from the use or rental of real or personal property acquired with grant funds.
Matching Funds
The federal share of funds must be matched at 20% using county funds.
Grant Administration
Award recipients and sub-recipients must adhere to all applicable federal and state requirements including Office of Management and Budget (OMB) guidance: Title 2 C.F.R. Subtitle A, Chapter II, Part 200-Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 C.F.R. § 200) and the Texas Grant Management Standards (TxGMS), Version 2.0 maintained by the Texas Comptroller of Public Accounts.
Reporting Requirements
<ol style="list-style-type: none"> 1. The county must comply with all reimbursement request requirements prescribed by the Secretary of State and other reports deemed necessary by the Secretary of State or the federal government. 2. The final reimbursement request must be submitted to the Secretary of State no later than the last day of the award agreement. 3. Failure to comply with any and all reporting requirements may result in the Secretary of State withholding any funds distributed to the county, including, but not limited to, Chapter 19 funds, Primary Finance funds issued pursuant to Chapter 173, Texas Election Code, and any other HAVA funding awarded to the county.
Award Contingencies
<p>This award is contingent upon the completion of the following activities:</p> <ol style="list-style-type: none"> 1. Completion of this agreement, including the electronic signature of the county judge or designee. 2. A resolution from the county commissioners court acknowledging certain terms and conditions. 3. Implement or have implemented the Drug-Free Workplace Requirements of 2 C.F.R. § 182.200 and comply with subpart C of 2 C.F.R. Part 180- Debarment & Suspension & include in lower-tier covered transactions.
Resolution from the Governing Body
<p>A resolution from the county Commissioners Court must be on file with the Secretary of State that includes, at a minimum, the following statements (the same resolution may be used for any HAVA funds awarded to the county provided the statements remain true and correct):</p> <p>_____ Commissioners Court agrees that the expenditure of the funds will be in accordance with applicable federal and state law and any agreement between _____ County and the State of Texas, Office of the Secretary of State as authorized under Section 101 of the Help America Vote Act of 2002 and in consultation and agreement with the county election official(s) as defined in Sections 12.001 and 31.091 of the Texas Election Code.</p> <p>_____ Commissioners Court agrees to assign a single point of contact (SPOC) to act on behalf of the county in communicating with the Office of the Secretary of State, including the submission of reimbursement requests and any other required reports.</p> <p>_____ Commissioners Court agrees claims against the fund shall be audited and approved in the same manner as other claims against the county before they are paid.</p> <p>_____ Commissioners Court agrees that it will not consider the availability of the funds in adopting the county budget.</p> <p>_____ Commissioners Court agrees that in the event of loss, misuse, or noncompliance pursuant to any grant award agreement with the Secretary of State, _____ Commissioners Court assures that the funds will be returned to the Office of the Secretary of State in full.</p>
Financial Management Standards
<p>The financial management system of the county must meet the following standards:</p> <ol style="list-style-type: none"> 1. Financial reporting. Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant award. 2. Accounting records. The county must maintain records which adequately identify the source and application of funds provided

<p>for financially-assisted activities. These records must contain information pertaining to grant awards and authorizations, obligations, un-obligated balances, assets, liabilities, outlays or expenditures, and income.</p> <p>3. Internal control. Effective control and accountability must be maintained for all grant award cash, real and personal property, and other assets. The county must adequately safeguard all such property and must assure that it is used solely for authorized purposes.</p> <p>4. Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant award. Financial information must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant award agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.</p> <p>5. Allowable cost. Applicable OMB cost principles, agency program regulations, and the terms of grant award agreement will be followed in determining the reasonableness, allowability, and allocability of costs.</p> <p>6. Source documentation. Accounting records must be supported by such source documentation as canceled checks, paid bills, payrolls, time and attendance records, contract and grant award documents, etc.</p> <p>7. The Secretary of State or its designee may review the adequacy of the financial management system of any applicant for financial assistance as part of a pre-award review or at any time subsequent to award.</p>
Procurement
<p>The county shall use its own procurement procedures and regulations, provided that the procurement conforms to applicable laws and the standards identified in Chapter III (State Uniform Administrative Requirements for Grants and Cooperative Agreements), Subpart C, Section 36 of the Uniform Grant Management Standards.</p>
Property Management
<p>Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place will, at a minimum, meet the following requirements:</p> <p>1. Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date and cost of the property, percentage of the Secretary of State participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.</p> <p>2. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.</p> <p>3. A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated. Certain types of equipment are classified as “controlled assets”. The Comptroller’s State Property Accounting User Manual, available on the Internet, contains the most current listing.</p> <p>4. Adequate maintenance procedures must be developed to keep the property in good condition.</p> <p>5. Counties should attempt to get trade-in value or sell HAVA-funded equipment after it is no longer needed for its original intended purpose, and use the proceeds toward replacement equipment or other related activities. Proper sales procedures must be established to ensure the highest possible return.</p>
Records Retention
<p>1. The county must maintain records for at least three years following the submission of the final expenditure report.</p> <p>2. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.</p>
Compliance Reviews
<p>1. Compliance reviews include programmatic and financial auditing.</p> <p>2. The Secretary of State reserves the right to conduct its own audit or contract with another entity to audit the county.</p> <p>3. The Secretary of State or its designee may conduct compliance reviews throughout the existence of a grant or conduct an audit after the grant period has ended. The county must make all grant-related records available to the Secretary of State or its representatives unless the information is sealed by law.</p> <p>4. Compliance reviews may be on-site or desk reviews and may include any information that the Secretary of State deems relevant to the project.</p>
Remedies for Noncompliance
<p>If a county fails to comply with any term or condition of this award agreement or any applicable statutes, rules, regulations, or guidelines, Secretary of State may take one or more of the following actions:</p> <p>1. Require the return of funds if disbursements have already been made.</p> <p>2. Temporarily withhold all payment to the county pending correction of the deficiency by the county.</p>

3. Temporarily withhold all payments for other HAVA grant funds awarded to the county pending correction of the deficiency by the county.
4. Disallow all or part of the cost of the activity or action that is not in compliance.
5. Impose administrative sanctions, other than fines, on the county.
6. Withhold further HAVA grant funds from the county.
7. Terminate the award agreement in whole or in part.
8. Exercise other remedies that may be legally available.

Collection of Amount Due

Any funds paid to the county in excess of the amount to which the county is finally determined to be entitled under the terms of the award constitute a debt to the Secretary of State. If not paid within 30 days after demand, the federal or state agency may reduce the debt by:

1. Making an administrative offset against other requests for reimbursements;
2. Withholding payments otherwise due to the county; or
3. Other action permitted by law.

Except where otherwise provided by statutes or regulations, the federal government may charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (4 CFR Ch. II). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

National Policy Requirements

Human Trafficking Provisions: This award is subject to the requirements of Section 106(g) of the “Trafficking Victims Protection Act of 2000” (22 U.S.C. 7104). The full text of this requirement is found at <http://www.acf.hhs.gov/grants/award-term-and-condition-for-trafficking-in-persons>.

The county certifies to their understanding that this grant is subject to the requirements of Section 106(g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. § 7104) as follows:

- I. Provisions applicable to a recipient that is a private entity.
 - A. You as the recipient, your employees, subrecipients under this award, and subrecipients' employees may not:
 1. Engage in severe forms of trafficking in persons during the period of time that the award
 2. is in effect; or
 3. Procure a commercial sex act during the period of time that the award is in effect; or
 4. Use forced labor in the performance of the award or subawards under the award.
 - B. We as the federal awarding agency may unilaterally terminate this award, without penalty, if you or a subrecipient that is a private entity:
 4. Violates a prohibition in paragraph A of this award term; or
 5. Has an employee who violates a prohibition in paragraph A of this award term through conduct that is either:
 - a. Associated with performance under this award; or
 - b. Imputed to you or the subrecipient using the standards and due process for imputing the conduct of an individual to an organization that are provided in 2 CFR §180, “OMB guidelines to Agencies on Government-wide Debarment and Suspension (Nonprocurement)”.
- II. Provisions applicable to a recipient other than a private entity. We as the Federal awarding agency may unilaterally terminate this award, without penalty, if a subrecipient that is not a private entity—
 - A. Is determined to have violated an applicable prohibition of paragraph I.A of this award term; or
 - B. Has an employee who is determined by the agency official authorized to terminate the award to have violated an applicable prohibition in paragraph I.A of this award term through conduct that is –
 1. Associated with performance under this award; or
 2. Imputed to you using the standards and due process for imputing conduct of an individual to an organization that are provided in 2 CFR §180, “OMB 12 Guidelines to Agencies on Government-wide Debarment and Suspension (Nonprocurement),” as implemented by our agency at 2 CFR §2200.

III. Provisions applicable to any recipient.

- A. You must inform us immediately of any information you receive from any source alleging a violation of a prohibition in paragraph I.A of this award term.
- B. Our right to terminate unilaterally that is described in paragraph (1) and (2) of this section:
 - 1. Implements section 106(g) of the Trafficking Victims Protection Act of 2000 (TVPA), as amended (22 U.S.C. 7104(g)), and
 - 2. Is in addition to all other remedies for noncompliance that are available to us under this award.
- C. You must include the requirements of paragraph I.A of this award term in any subaward you make to a private entity.

IV. Definitions. For purposes of this award term:

- A. "Employee" means either:
 - 1. An individual employed by you or a subrecipient who is engaged in the performance of the project or program under this award; or
 - 2. Another person engaged in the performance of the project or program under this award and not compensated by you including, but not limited to, a volunteer or individual whose service are contributed by a third party as an in-kind contribution toward cost sharing or matching requirements.
- B. "Forced labor" means labor obtained by any of the following methods: the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.
- C. "Private entity":
 - 1. Means any entity other than a State, local government, Indian tribe, or foreign public entity, as those terms are defined in 2 CFR §175.25.
 - 2. Includes:
 - a. A nonprofit organization, including any non-profit institution of higher education, hospital, or tribal organization other than one included in the definition of Indian tribe at 2 CFR § 175.25(b).
 - b. A for-profit organization.
 - c. "Severe forms of trafficking in persons," "commercial sex act," and "coercion" have the meanings given at section 103 of the TVPA, as amended (22 U.S.C. § 7102)

FY19 National Defense Authorization Act (NDAA) Section 889 and subsequent regulation 2 CFR §200.216: Section 889 prohibits grantees from using Federal funds to procure or obtain telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities). Additionally, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities) that is used for the purpose of public safety, security of 16 government facilities, physical security surveillance of critical infrastructure, and other national security purposes is covered equipment under Section 889.

The county certifies, to the best of their knowledge and belief, that:

The prohibited telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities). Additionally, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities) that is used for the purpose of public safety, security of 16 government facilities, physical security surveillance of critical infrastructure, and other national security purposes is covered equipment under Section 889.

Whistleblower Protection Act: This award and employees working on this award will be subject to the whistleblower rights and remedies within established by 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) as found here:

Lobbying Disclosure Act [[Pub. L. 104-65](#), December 19, 1995 and 2 U.S.C. 1601, et. seq.]:

The county certifies, to the best of their knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the county, to any person for

influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the county shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

(3) The county shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Ending Illegal Discrimination and Restoring Merit-Based Opportunity ([Exec Order No. 14173](#), 3 CFR (2025))

The county certifies, to the best of their knowledge and belief, that:

(A) The grant recipient's compliance in all respects with all applicable Federal anti-discrimination laws is material to the government's payment decisions for the purposes of section 3729(b)(4) of title 31, United States Code; and

(B) Such recipient does not operate any programs promoting DEI that violate any applicable Federal anti-discrimination laws.

The Board of Judges
The Commissioners' Court
Brazoria County, Texas

Honorable Judges and Commissioners:

The unaudited and unadjusted Monthly Financial Report of Brazoria County, Texas as of and for the eight months ended May 31, 2025 is submitted herewith in accordance with Section 114.023 of the Texas Local Government Code and was prepared by the County Auditor's Office staff. These statements are reported on a budgetary basis which is not in accordance with generally accepted accounting principles.

Due to the size of the county, and the significant volume of financial information contained in the books and records, our office has chosen not to present each fund individually monthly. Rather, we have identified a group of funds composed of two of the County's major funds and their sub-funds (General, Road and Bridge), along with other funds which are typically brought before Court on a budgetary basis (Law Library, Mosquito Control, and Airport). Should you desire to see detailed information contained in a fund which has not been identified as most relevant for the monthly presentation, please contact my office and we will be happy to assist you.

Current and historical data related to the County's half cent sales tax is provided for your reference. The Schedule of Revenues shows the budgeted amounts versus the year-to-date actual balances. The Schedule of Expenditures included herein shows the adjusted budget, the year-to-date activity, current encumbrance, and the remainder in the budget. Included in the Financial Statements are balance sheets for the General Fund, Road & Bridge Fund, Law Library Fund, Mosquito Control Fund, and Airport Fund. The Statement of Changes in Fund Balance shows balances on hand at the beginning and end of the month for the General Fund, Road & Bridge Fund, Law Library Fund, Mosquito Control Fund, and Airport Fund. The schedule of transfers, when applicable, includes all funds. The Debt Service Payment Schedule is also presented for your reference, for fiscal year 2025. Our intention is for this report to be useful for you, so we welcome your suggestions for the contents of this submission.

This report is designed to provide a general overview of Brazoria County's finances for all those with an interest in the County's finances at a specific point during the fiscal year. However, the reader should note that the report does not include those disclosures associated with, and usually made a part of, audited financial statements. Additionally, due to the statutory duties of the County Auditor, I am not independent with regard to these financial reports as defined by the professional standards of the American Institute of Certified Public Accountants. However, these financial statements were prepared, and the financial accounting records were maintained with objectivity and due professional care. Questions concerning any of the information provided in this report should be addressed to Brazoria County Auditor, 237 E. Locust, Suite 403 Angleton, Texas 77515.

Respectfully submitted,

Kaysie Stewart

COMMISSIONERS COURT OF BRAZORIA COUNTY

ORDER NO. H.16.

6/24/2025

Brazoria County Rehabilitation / Reconstruction Program

Approve the attached homeowner for Rehabilitation / Reconstruction assistance under the 2023 Brazoria County HOME Program and authorize the County Judge to execute homeowner agreements with the applicant.

MEMORANDUM

TO: County Judge Sebesta and County Commissioners' Court
FROM: Daphne Lemelle
DATE: June 18, 2025
RE: Approve Applicants under Rehabilitation/Reconstruction Program

I am recommending that the Commissioners' Court conditionally approve the following homeowner for rehab/reconstruction assistance under the Brazoria County 2023 HOME Program and authorize the County Judge to execute reconstruction agreements with the applicants.

<u>Reconstruction Applicants</u>	<u>Property Address</u>	<u>Est. Cost</u>
Jessica Monceaux	1406 N. Gulf Boulevard, Freeport	\$180,000

Rehabilitation generally consists of siding, roofing, and interior repairs. Reconstruction applicant homes are not feasible and/or cost effective to repair or rehabilitate and therefore qualify for the reconstruction program under our guidelines. The reconstruction program requires the demolition of the existing home and the construction of a new home in its place.

The above estimated cost is only an estimate based upon the proposed work write-up, or housing plan/size of the home. The actual cost of rehab/reconstruction could be more or less depending on the actual bids received, demolition costs, inspection fees, surveying, soft costs, and costs for septic systems and water wells (if required). These applicants are being recommended for rehab/reconstruction assistance conditioned upon the applicants meeting all of the income eligibility requirements, affordability requirements, and property requirements of the program.

COMMISSIONERS COURT OF BRAZORIA COUNTY

ORDER NO. H.17.

6/24/2025

Right of Way for CR 400 Realignment - Parcel 016 (Precinct 4)

That the matter concerning payment to the following property owner be approved and entered into by the Court for the payment for Right of Way in association with the CR 400 Realignment Project between CR 912 and 2.0 miles southeast of CR 849, for a settlement amount of \$305,051.00 and the related closing cost from Fund / Account No. 591150-20500-75000.

Zachary James Fink

Parcel 016 - BCAD Account #0020-1204-000

Appraised value of partial taking/Total Settlement Amount: \$ 305,051.00

Whereas, the Total Settlement Amount does not include closing cost. The actual closing cost shall be based upon the actual closing date. The Court authorizes the payment of closing cost.

Whereas, funds for this expenditure are available via the 2025 Road & Bridge Budget.

Further, that a certified copy of this order be furnished to the County Engineer for distribution to all parties involved and the Judge be authorized to sign all documents necessary to complete this purchase.

Dear Mr. and Mrs. Fink:

You have indicated a willingness to sign an easement for your property which consists of 59,491 SF located 9419 County Road 400, Brazoria, Brazoria County, Texas 77578-2956

It is important to confirm this agreement in order to avoid any possible misunderstanding as to the details of the purchase or the process by which Brazoria County referred to as the County will make payment. The payment of \$305,051.00 as herein agreed will constitute full payment to be made by the County for the property to be conveyed to the County.

The consideration recited herein represents a settlement and compromise by all parties as to the value of the property herein conveyed in order to avoid formal Eminent Domain proceedings and the added expenses of litigation.

The County and the owner(s) have agreed to the following provisions.

Until payment is made by The County, title and possession of the property to be conveyed remains with you. You shall bear all risk of loss to any and all such property prior to such payment. Either you or the County shall have the right to terminate this agreement.

The payment of the amount herein stated and the terms provided constitute the only promises, consideration and conditions of this purchase; and no other promises, consideration or conditions have been signified or implied, save and except any benefits which may accrue under the State's Relocation Assistance Program and the mutual benefits to be derived by you and the County from the signing of this agreement.

The County, without cost to the owner, will pay the cost of recording all instruments conveying title to the County.

It is suggested that you carefully review the proposed Right of Way Easement and satisfy yourself (selves) as to its provisions. With your signing of this agreement and execution of the easement the County will

proceed with the issuance of a warrant which will be made out jointly to you and to Alamo Title Company, agent for the County.

This company has been designated as the County's closing agent and is responsible to see that the County obtains clear title. They will not endorse the warrant and make payment until clear title is secured. At the same time, you have the right to withhold endorsement of the warrant and not accept payment until you are fully satisfied on all details of the transaction.

Sincerely,

Right of Way Manager, Date 6/12/2025
Cobb, Fendley & Associates, Inc.

I (We) fully understand the County proposal as contained in this agreement and hereby acknowledge receipt of the brochure entitled "*Relocation Assistance*."

I (We) understand that relocation assistance benefits are handled entirely separate from and in addition to this transaction and agree that my (our) execution of the Right of Way Deed is based on this understanding.

TEMPORARY CONSTRUCTION EASEMENT AGREEMENT

THE STATE OF TEXAS
COUNTY OF BRAZORIA

§
§
§

KNOW ALL MEN BY THESE

This Temporary Construction Easement Agreement ("Agreement") is made and effective this the 12 day of June, 2025 by and between Zachary James Fink and Savannah Leigh Fink, whose address is 9419 CR 400, Brazoria, Texas 77422, (hereinafter referred to as "Grantor") and who is the owner of the property known as 9419 CR 400, Brazoria, Texas 77422, Texas (the "Property") and Brazoria County, a political subdivision of the State of Texas, (hereinafter referred to as "Grantee").

For and in consideration of the sum of TEN AND 00/100 DOLLARS (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged and confessed, Grantor does hereby GRANT, BARGAIN, SELL, AND CONVEY unto Grantee an exclusive temporary easement in an area of approximately 0.9337 acre tract (the "Temporary Construction Easement") in, along, upon, under, over and across the following described property, owned by Grantor, and situated in Brazoria County, Texas, (the "Property"), to wit:

TEMPORARY CONSTRUCTION EASEMENT AREA AND PROPERTY AREA DESCRIBED AND DEPICTED IN EXHIBIT "A" ATTACHED HERETO AND MADE A PART HEREOF

Said Temporary Construction Easement is for the purpose of performing work in the Temporary Construction Easement, staging and storing construction materials and equipment while performing work in and around the Temporary Construction Easement, and otherwise supporting construction operations by allowing close proximity access to the Temporary Construction Easement. This temporary easement also includes, if needed, the necessary easements in order to build the final driveways and streets in connection with the CR 400 Project (collectively, the "Permitted Use").

It is distinctly understood and agreed that this does not constitute a conveyance of the land above described nor of the minerals therein and thereunder but grants only a temporary easement subject to the following:

- (a) Grantee will fill in an existing pond located in the Temporary Construction Easement and for the construction of the Project. The pond will be completely filled to the appropriate grade and grass seed or grass product will be placed upon completion of the use of the Temporary Construction Easement and completion of the Project.
- (b) Grantee shall have the right of ingress and egress upon and across the Property adjacent to the Temporary Construction Easement for the limited purpose of exercising the rights granted.

(c) Grantee's rights in the Temporary Construction Easement shall be exclusive until the expiration of this Easement.

(d) Grantee shall use commercially reasonable efforts to minimize disruption to the Property and Grantor's use of the Property.

(e) Grantee shall have the right to clear and keep cleared trees, brush, vegetation and all other obstructions from the surface and subsurface of said easement. Grantee will restore the surface of the Temporary Construction Easement to the condition it was prior to use except Grantee is not required to replace trees, brush and/or vegetation removed. Grantee will place grass seed or a grass product to the area during restoration.

FP will NOT cut live oak trees.

All rights granted within the Temporary Construction Easement shall terminate and cease upon the earlier of completion of the Project or five years from this Agreement's effective date. County may utilize the Temporary Construction Easement at different times throughout the progress of the Project and may fill pond in advance of construction to allow for proper compaction and stability.

Grantee agrees, to the extent allowed by applicable law, to save and hold the Grantor free and harmless from and against any and all claims, demands or causes of action of whatever nature, asserted by others which are caused by or arise in any manner out of the acts or omissions of Grantee in the use and occupancy of the Temporary Construction Easement by Grantee, its employees, or any other persons acting under its control.

This Agreement shall be governed by the laws of the State of Texas, without reference to conflicts of laws principles.

TO HAVE AND TO HOLD the above-described Temporary Construction Easement unto the said Grantee as aforesaid, for the purposes and on the conditions set forth hereinabove, the premises described in said Exhibit A.

IN WITNESS WHEREOF, this instrument is executed on this 12 day of June, 2025.

Dear Commissioner Linder,

The City of Brazoria would request an Interlocal Agreement with Brazoria County for drainage improvements on the south side of Brazos St from 1st to 5th streets. The improvements consist replacing approximately five driveway culverts and excavating approximately 1,000 feet of ditch. The city will provide culverts and limestone for the driveways.

We appreciate any assistance that you can provide.

Sincerely,

We received a request for ditch mowing at 13618 CR 748 (inside limits of Sandy Point) by a resident. Once the water has dried up our Service Center is able to complete this request. However, we will need a formal request from the city. If you could please email confirmation of this the request I can submit this under the annual blanket interlocal and get this resolved for the resident.

RE: Change Order for Construction Engineering and Inspection and Material Testing Services for the Quintana Park Fishing Pier, RFSQ #24-04

Dear Ms. Serrano,

ING Garza, PLLC is providing a Change Order for Construction Engineering and Inspection and Material Testing to Brazoria County Purchasing Department for the above reference project.

Due to impacts from storms from 2024 there was an impact and additional scope required for the reconstruction of the ADA ramp for Construction Engineering and Material testing along with the Environmental Monitoring. In addition, there is an impact due to the additional time for completion of the project. Please see below our breakdown.

Terracon Material Testing –

- Original assumptions were Timber Piles at a rate of 8 piles per day
- Actual 2-4 timber piles per day due to equipment malfunction and weather conditions. **Estimated \$14,923.91**
- Additional work for ADA ramp destroyed during Hurricane Baryl - **Estimated \$7,312.50**

Terracon Environmental Monitoring

- Work preformed from March 17 to project hold - **\$1,961.96** (see attachment for additional information)

1. **Change Order Fee – See Attachment A – Not to exceed (time and material)**

	Cost
Construction Engineering and Inspection	\$ -
Material Testing	\$22,236.41
Environmental Monitoring	\$1,961.96
Total Cost	\$ 24,198.37

See attachment A for breakdown.

I appreciate the opportunity to provide you with this proposal. Should you have any comments or questions please do not hesitate to contact me.

Respectfully Submitted,

ORDER NO. H.21.

6/24/2025

Interlocal Agreement with the City of Cedar Park, Texas

Pending final review by the District Attorney's Office - Civil Division and upon recommendation of the County Purchasing Director, approval is requested to enter into an interlocal agreement with the City of Cedar Park, Texas, to allow Brazoria County the ability to utilize contracts that have been competitively bid by the City.

Further, that the County Judge be authorized to sign any document or amendments related to this agreement; and that the final documents be authorized to attach to the Minutes.

INTERLOCAL PURCHASE AGREEMENT
BETWEEN THE CITY OF CEDAR PARK, TEXAS
AND BRAZORIA COUNTY, TEXAS

This Interlocal Purchase Agreement (the “Agreement”) is entered into by the City of Cedar Park, Texas and the Brazoria County, Texas, acting by and through their respective signature authorities, pursuant to and under authority of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code and Chapter 271 of the Texas Local Government Code, for the purpose of participating in cooperative purchasing. The undersigned Local Governments may be referred to in this Agreement individually as a “Party” and collectively as the “Parties.”

RECITALS:

WHEREAS, this Agreement is authorized by Chapter 791 of the Texas Government Code and Subchapter F, Chapter 271 of the Texas Local Government Code; and

WHEREAS, the Parties are local governments as that term is defined in Section 271.101(2) of the Texas Local Government Code; and

WHEREAS, Section 271.102 of the Texas Local Government Code authorizes local governments to participate in a cooperative purchasing program with another local government or local cooperative organization; and

WHEREAS, a local government that purchases materials, supplies, goods, services or equipment pursuant to a cooperative purchasing program with another local government satisfies the requirement of the local government to seek competitive bids for the purchase of the goods or services; and

WHEREAS, local governments in the State of Texas have the ability to realize substantial savings and economies of scale by cooperatively procuring materials, supplies, goods, services or equipment; and

WHEREAS, the Parties desire to enter into a cooperative purchasing program which will allow Parties to purchase materials, supplies, goods, services or equipment pursuant to Subchapter F, Chapter 271 of the Texas Local Government Code; and

WHEREAS, the Parties, acting by and through their respective signature authorities, adopt the foregoing premises as findings of said governing bodies.

NOW THEREFORE, in consideration of the mutual promises, inducements, covenants, agreements, conditions and other good and valuable consideration, the receipt and sufficiency of which is acknowledged, the Parties agree as follows:

ARTICLE I
PURPOSE

The purpose of this Agreement is to establish a cooperative purchasing program between the Parties which will allow the Parties to realize savings when purchasing materials, supplies, goods, services or

equipment, and which will facilitate the Parties' ability to satisfy state laws requiring the Parties to seek competitive bids for the purchase of goods and services. Each Party, in contracting for the purchase of supplies, materials, equipment, and services agrees, at its discretion, to extend contracts for shared use to the extent permitted by law and agreed upon by those parties and vendors.

ARTICLE II TERM

The term of this Agreement shall commence on the date on which all Parties have executed this Agreement ("Effective Date"). This Agreement shall remain in full force and effect unless superseded by a supplemental agreement or terminated as provided in this Agreement.

ARTICLE III TERMINATION

A Party may withdraw its participation from this Agreement by providing thirty (30) days prior written notice to the other Parties. However, termination of this Agreement by a Party shall not terminate an existing contract between a Party and a vendor.

ARTICLE IV PURCHASING

Each Party shall designate a person to act on their behalf in all matters relating to the cooperative purchasing program. All purchases shall be effected by a purchase order from the purchasing party and directed to the vendor(s). The Parties shall make payments directly to vendors under the contracts made under Chapter 271, Subchapter F, Texas Local Government Code. The purchasing Party shall be responsible for the vendors' compliance with provisions relating to the quality of items and terms of delivery. The originating contracting Party is not responsible or liable for the performance of any vendor used by the purchasing Party as a result of this Agreement.

ARTICLE V CURRENT REVENUE

The Parties warrant that all payments, expenditures, contributions, fees, costs, and disbursements, if any, required of it hereunder or required by any other agreements, contracts and documents executed, adopted, or approved pursuant to this Agreement, which shall include any exhibit, attachment, addendum or associated document, shall be paid from current revenues available to the paying Party. The Parties hereby warrant that no debt is created by this Agreement and that any debt created through a purchase shall be the sole obligation of the purchasing Party and no obligation or liability for such debt shall be a liability or obligation of the other Parties.

ARTICLE VI FISCAL FUNDING

The financial obligations of the Parties, if any, under this Agreement are contingent upon the availability and appropriation of sufficient funding. Any Party may withdraw from this Agreement without penalty in the event funds are not available or appropriated. However, no Party will be entitled to a refund of amounts previously contributed in the event of withdrawal for lack of funding.

ARTICLE VII MISCELLANEOUS

A. **Notice**: Any notice required or permitted to be delivered hereunder shall be deemed received when sent in the United States Mail, Postage Prepaid, Certified Mail, Return Receipt Requested, or by hand-delivery, facsimile transmission, or email transmission addressed to the respective Party at the address set forth opposite the signature of the Party.

B. **Amendment**: This Agreement may be amended by the mutual written agreement of the Parties.

C. **Severability**: In the event any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect the other provisions, and the Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained in this Agreement.

D. **Governing Law**: The validity of this Agreement and any of its terms and provisions, as well as the rights and duties of the Parties, shall be governed by the laws of the State of Texas. Venue for any action concerning this Agreement shall lie in Williamson County, Texas.

E. **No Waiver of Immunities**: Neither Party waives, modifies, or alters to any extent whatsoever the availability of the defense of governmental immunity under the laws of the State of Texas and the United States.

F. **Entire Agreement**: This Agreement represents the entire agreement among the Parties with respect to the subject matter covered by this Agreement. There is no other collateral, oral or written agreement between the Parties that in any manner relates to the subject matter of this Agreement.

G. **Recitals**: The recitals to this Agreement are incorporated herein.

H. **Counterparts**: This Agreement may be executed in any number of counterparts, each of which shall be deemed an original constituting one and the same instrument.

I. **No Assignment**: The Parties may not assign or transfer their rights under this Agreement.

J. **Compliance with Law**: Each Party is responsible for complying with any additional or varying laws and regulations regarding purchases.

K. **No Waiver of Rights**: Nothing in this Agreement shall be deemed to waive, modify or amend any legal defense available at law or equity to a Party, including the defense of sovereign immunity, nor to create any legal rights or claims on behalf of a person not a party to this Agreement.

Reject the Submittal for CSP #25-24 Water Treatment Plant Improvements for the Sheriff's Office

Upon recommendation of the Sheriff's Department, approval requested to reject the single submittal received from METCO Engineering, of Houston, Texas, for "CSP #25-24 Water Treatment Plant Improvements for the Sheriff's Office", per the attached summary.

The project was not able to be negotiated to an amount within the County's \$6,800,000.00 budget for construction of the project.

SUMMARY 25-24 Water Treatment Plant Improvements for the Sheriff's Office

A total of two thousand five-hundred and thirty-four (2,434) vendors were notified of our solicitation which was posted in the Bonfire electronic procurement portal as well as advertised in The Facts and the Electronic State Business Daily (EBSD) website. There were one hundred-seven (107) document takers resulting in one (1) submission.

Upon review of the response and scoring by the evaluation committee and recommendation of the consultant engineer, Baxter and Woodman, it was determined that METCO Engineering was qualified to complete the project for the County. However, after negotiations the project continued to exceed the \$6.8 million budget.

The committee and the Sheriff's Office is recommending to end negotiations and reject METCO Engineering's best and final offer and not move forward with the project.

Upon review of the bids by the County's contracted consultant, McDonough Engineering Corporation, and concurrence by TxDOT, it is the recommendation of TxDOT to award to iCON GC, LLC of Houston, Texas who submitted the lowest bid meeting specifications in the amount of \$6,160,000.00.

Document Type: Purchase Order Memorandum
Subject: Over/Under Runs and Additional Work Items
Project: 0912-31-304; CR 58

This memo and attached change order documents are intended to describe the final construction cost increase for the CR 58 widening project.

The contract plans, designed by Austin Mclean, P.E., of McDonough Engineering, provide for the reconstruction and widening of CR 58 from CR 48 to the Savannah Development. The Contractor, ICON, remains on-site and continues to perform the contract according to the plans and the 2014 Texas Standard Specifications. All change order work is within the project limits.

A. OVERRUNS

Line Item 0004, REMOVING CONC (PAV) has overrun the original project estimate by 22% or **\$2,778.64**. The PS&E estimate fell short, and all removal quantities were verified and measured in the field to ensure accuracy.

Line Item 0007, REMOVING DRIVEWAYS (ALL TYPES) has overrun the original project estimate by 20% or **\$3,355.35**. The PS&E estimate fell short, and all removal quantities were field-measured and verified.

Line Item 0008, REMOVING CONC (CURB) has overrun the original project estimate by 2745% or **\$6,779.50**. All removal quantities were field-measured and verified. Additional curb removals were required in June and July 2024 to accommodate TCP construction detours. These locations were not identified in the original plans.

Line Item 0010, REMOVING STAB BASE & ASPH has overrun the original project estimate by 7% or **\$1,084.16**. All removal quantities were field-measured and verified. Additional roadway demolition was required to match existing grades such as those at Apollo Ln.

The line item number 022, 260-6012 "LIME (HYD, COM or QK)(SLRY)OR QK(DRY)" has overrun the original project estimate by 37% or **\$54,946.50**. Due to site conditions encountered at the start of the project—specifically, the existing soil exhibited high plasticity index and liquid limit characteristics—the lime content for subgrade stabilization was increased from 6% to 8%.

Line Item 0025, CEM TRT (PLNT MX)(8") has overrun the original project estimate by 7% or **\$11,106.43**. The PS&E estimate fell short, and all installed quantities were field-measured and verified per delivery tickets.

Line Item 0027, SALV, HAUL & STKPL has overrun the original project estimate by 6% or **\$1,824.55**. Additional material haul-off and stockpiling were required as a result of the increased roadway demolition.

Line items 028 and 029 are for CONC PAV (CONT REINF – CRCP 8") and CONC PVMT (CONT REINF CRCP)(HES)(8"), respectively. To remove drop offs and open the intersection at CR 48 and CR 58 quicker, a portion of approximately 1,000 ft was placed utilizing the high early strength mix. The contractors price for this mix is \$10.00/SY higher than the traditional pavement. Due to this large area and the crossovers between the east and westbound lanes, the high early strength mix has overrun and the traditional pavement has underrun for a net overrun of **\$34,417.81** for these items.

Line Item 0030, 400-6005 "CEM STABIL BKFL (6") has overrun the original project estimate by 253% or **\$1,266.40**. This was the result of additional fast-track paving at the CR 48 and N. Central intersections in September 2024, undertaken to expedite the roadway opening.

Line items 045 through 053 are for the Safety End Treatments (SETs) used for drainage on the project. The SETs were used for driveway drainage end treatments and detention pond end treatments. The standard design calls for their use either in cross drainage or parallel drainage applications. For this project, the correct SET was placed for the correct application, which resulted in over and under runs of specific SET items. In total, there is a net underrun of **-\$3,640.00** for these items.

Line Item 0055, REMOVE STR (MANHOLE) has overrun the original project estimate by 100% or **\$1,000**. The manhole removal shown on Plan Sheet 112 near Sta. 78+09 EB, was not accounted for in the plan quantity summary.

Line Item 0060, BARRICADES has overrun the original project estimate by 67% or **\$45,000**, per project extension as approved by Brazoria County.

Line Item 0069, PORT CTB (FUR & INSTALL) has overrun the original project estimate by 517% or **\$10,540.00**. Additional Type 2 concrete traffic barriers were required at multiple driveway egress points throughout various work zones. These additions were approved by AECOM, Brazoria County, and TxDOT.

Line Item 0073, PORT CTB (REMOVE) has overrun the original project estimate by 517% or **\$10,540.00**. Additional removals were required as a result of furnish and install quantity overruns

Line Item 0083, REMOVE OR RELOCATE EXISTING MAILBOX has overrun the original project estimate by 6% or **\$170.00**. Mailboxes were adjusted due to works associated with Change Order #6, Angelina Driveways.

Line Item 0084, WK ZN PAV MRK REMOV (W)(4 IN)(SLD) has overrun the original project estimate by 18% or **\$260.80**. Removal quantities were measured in the field according to the TCP work zones.

Line Item 0085, WK ZN PAV MRK REMOV has overrun the original project estimate by 100% or **\$280.00**. Removal quantities were measured in the field according to the TCP work zones.

Line Item 0087, WK ZN PAV MRK REMOV (Y)(4 IN)(SLD) has overrun the original project estimate by 75% or **\$3,909.60**. Additional TCP was required for the final phase of the project, and this increase was approved by AECOM, Brazoria County and TxDOT.

Line Item 0110, WATER MAIN PIPE has overrun the original project estimate by 28% or **\$6,048.00**. The PS&E estimate fell short, and all install quantities were field-measured and verified.

B. OVERRUNS via CHANGE ORDERS

CO #6 – Angelina Driveways

During construction, it was discovered that multiple culverts were installed along Angelina Dr. that were not depicted in the plans. This Change Order compensated the contractor for removing and replacing cross culverts at the following stations:

STA 7+04 to 7+28	Cost = \$7,218.69
STA 22+84 to 23+02	Cost = \$5,194.40
STA 23+66 to 23+82	Cost = \$5,154.40
TOTAL = \$17,567.49	

CO #7 – Potential Overlay of Angelina

At the request of Brazoria County, a 2-inch Type D asphalt overlay was added to Angelina Drive. The existing unit price for the bond breaker bid item was used as the basis for estimating the cost of the Change Order. Angelina Drive encompasses 6,002 square yards, requiring approximately 693.23 tons of material. At a unit cost of \$150.00 per ton, the total estimated cost for this Change Order is **\$109,134.21**.

CO #9 – Rip Rap Overrun

Line Item number 032, 292-6017 "RIPRAP (CONC)(4IN)" has overrun the original project estimate by 56% or **\$145,000**. This overrun was due to a quantity bust in the concrete lined ditch on the south side of CR 58. The Brazoria Drainage District used a registered surveyor to verify the final placed quantity.

OVERRUNS via C.O. COST \$271,701.70

C. ADDITIONAL WORK via CHANGE ORDERS

CO #1

New line item 0112, 400-6005 CEM STABIL BKFL was added to the project for the storm sewer placements. The change order was approved for 1660 CY at a unit price of \$71.19/CY for a total of **\$118,175.40**. This pricing was negotiated using an item breakdown from the contractor and the TxDOT 12-month average low bid unit pricing.

C1. CO #2 (No Federal Funding)

Line item 113, UNIQUE CHANGE ORDER ITEM 1 was added due to an old septic system and well discovered in the detention pond excavation. These were removed for a total of **\$5,943.39**. Please note that this item will not have federal funding participation.

CO #3 (ALVIN ISD)

Line item 114, SANITARY SEWER (12 IN STEEL CASING) is for steel casing to be placed around the 6" sanitary sewer line that feeds the Alvin ISD School System. This Change Order was executed in accordance with the Alvin ISD interlocal agreement.

CO #4

New line items 115 and 116 for RIPRAP (CONC)(5 IN) – BDD4 were added to construct a concrete apron around the SETs within the detention ponds. This work was performed according to the drainage district standard design sheet for a total of **\$55,261.22**.

CO #5

Line Item 117, UNIQUE CHANGE ORDER ITEM 2 was executed to modify the 6'x3' culvert box pond outfall to match existing slopes. The saw cut and removal was performed for a total of **\$8,517.66**.

CO #8

Line item 119, UNIQUE CHANGE ORDER ITEM 3 was added to place parking blocks in the daycare parking lot located at CR 48 and Angelina Drive. This parking lot and drainage was reconstructed as part of the project for a total of **\$5,010.60**. The parking blocks are provided for the safety of the public.

CO #10 (Alvin ISD)

Line Item 120, PAYMENT ADJUSTMENT was added to the contract to complete sanitary sewer work on the project. This Change Order was executed in accordance with the Alvin ISD interlocal agreement.

CO #11

Line item 121, TY C1 CURB (RW) was added to accommodate a small retaining wall. The retaining wall is required since the elevation at the Right-of-Way (ROW) line is approximately 3 feet higher than the sidewalk according to the design cross sections. The natural land after the ROW line has landscaping that is maintained by the local Homeowners association. This wall allows for a reasonable slope to be maintained both on and off the ROW at this location. The contractor has agreed to perform the work under the current statewide 12-month average low bid unit price, which is \$153.36/LF. The total line item will add **\$39,180.41** to the contract.

***TOTAL COST \$226,145.29**

*Total does not include cost for CO #3 and CO #10 as these change orders are included as part of the Alvin ISD interlocal agreement.

*Total does not include cost for CO #2 as this change order does not have federal funding participation.

Document Type: Change Order Memorandum
Subject: Change Order 01
Project: CR 58
Description: Cement Stabilized Sand for Drainage Structures

Change Order No. 1 (CO 1) provides a new work item to complete cement stabilized sand installation for drainage structures. This change order does not impact the critical path, therefore no time adjustments are made.

The contract plans, designed by Austin Mclean, P.E., of McDonough Engineering, provide for the reconstruction and widening of CR 58 from CR 48 to the Savannah Development. The Contractor, ICON, remains on-site and continues to perform the contract according to the plans and the 2014 Texas Standard Specifications. All change order work is within the project limits.

The widening of CR 58 requires installation of an underground drainage system. The specifications for underground drainage systems require that the drainage pipes and structures be backfilled with cement stabilized sand. The plans were reviewed at the start of the project and it was discovered that the quantity of cement stabilized sand was 100 Cubic Yards (CY). When the quantity of cement stabilized sand that would be needed was calculated according to the TxDOT excavation and backfill diagrams, it is approximately 1,660 CY for drainage structures. The 100 CY included in the plans is intended to be placed as driveway and cross-over base. Therefore, this change order adds 1660 CY of cement stabilized sand at a new unit price.

Since the character of the work is different than the intended use of cement stabilized sand in the contract plans, the Contractor has submitted a new unit price of \$71.19/CY. This price was compared to the current 3-month and 12-month Houston District Average Low Bid Unit Prices (ALBUP). The 3-month ALBUP is \$82.69/CY while the 12-month is \$86.69/CY. Therefore, since the Contractor's pricing is competitive for the Houston area

and compares favorably to the ALBUP, this change order pricing is considered fair and reasonable.

The total additional cost of this change order is \$118,175.40. This change order funding will utilize federal participation at the rate specified in the Advanced Funding Agreement (AFA). This agreement states that federal reimbursement rate is 80% of the cost while the local government is responsible for 20%. Therefore, the local government will be responsible for \$23,635.08 while the federal participation amount will be \$94,540.32.

This change order adds plan sheets 152A and 152B.

No amended or additional environmental clearance, permits or authorizations are required for this change order.

Wael,

Please see attached proposal for the cement stabilized sand that was discussed in today's meeting. The contractor lowered the price to \$71.19/CY from the original \$86 or so that was listed as the current average low bid price.

Let me know if the County is ok with the proposal.

Thank you,

Mike,

See attached breakdown for the CSS installation. We used a factor of 1.62 tons per CY. Let us know what you think.

Subject: RE: CR58 - Update of Outstanding Issues

Keith,

Received, thank you. We are working to resolve the utility issues today. Centerpoint is working today to remove all topped poles except the two with a cable on them. I am working with the County on the first three items; I have called and e-mailed the City of Pearland Engineer, but do not have a response on the casing yet.

Last, we had discussed the average low bid pricing for the cement sand. Recent County projects were bid around \$50/CY and the current average low bid for the Houston District is about \$85/CY. We were wanting to see if you can provide a labor, equipment, and materials price breakdown of the cost per CY that Icon would estimate? If this will not make a difference from the average low bid let me know.

Thank you for partnering with us on these.

Thank you,

Subject: CR58 - Update of Outstanding Issues

Michael,

I was asked to prepare a list of the following issues outstanding at this time.

1. Tire disposal
2. Waterwells to be abandoned
3. Septic systems to be abandoned
4. ATT conflicts with storm sewer at Angelica and N Central @NE Corner
5. ATT poles to be removed all along ROW
6. Bores for Force Main.....use casing or not. If using casing which type spacers and end seals?? Poly or stainless?? 3 week lead time on stainless.
7. CO on Cement Sand.....Can we please have this processed soon so we can be compensated on March pay application??

We would sincerely appreciate your assistance with these issues at your earliest convenience.

Please call to discuss as necessary.

Document Type: Change Order Memorandum
Subject: Change Order 02
Project: 0912-31-304; CR 58
Description: Septic System and Well Removal

Change Order No. 2 (CO 2) provides a new work item to complete septic system and well removal. This change order does not impact the critical path, therefore no time adjustments are made.

The contract plans, designed by Austin Mclean, P.E., of McDonough Engineering, provide for the reconstruction and widening of CR 58 from CR 48 to the Savannah Development. The Contractor, ICON, remains on-site and continues to perform the contract according to the plans and the 2014 Texas Standard Specifications. All change order work is within the project limits.

The CR 58 project includes two (2) detention ponds to be installed between Angelina and CR 58. The Contractor started the excavation of the ponds and discovered an old well and an abandoned septic system. The well is located at STA 83+50 while the septic system is located at STA 99+00. The attached removal plan sheets show these approximate locations. These items need to be removed to complete the project, therefore this change order adds a work item to complete the removal.

The Contractor has submitted a price of \$5,943.39 to cap the well and remove the septic system. The County has reviewed the pricing submitted and determined it to be fair and reasonable for the work required.

The total additional cost of this change order is \$5,943.39. This change order funding will not utilize federal participation due to the nature of the work. Therefore, the local government will be responsible for \$5,943.39.

There are no added or revised plan sheets included with this change order.

No amended or additional environmental clearance, permits or authorizations are required for this change order.

Sanitary Sewer Casing

Status of Change: 2) RE Approved (6/26/2024 8:13 PM)

Change Value:

Cost: \$48,588.27

Schedule: 0 day(s)

Detailed Description of Change:

Change Order No. 3 (CO 3) provides a new work item to place casing to protect sanitary sewer installations. This change order does not impact the critical path, therefore no time adjustments are made.

The CR 58 project has a sanitary sewer relocation that is joint bid within the construction project. The relocation is shown on the attached plan sheets 187-197. The plan sheets have a trenchless placement method for lines that cross roadways, however they are not shown to be cased. The County requirements state that crossing underneath County roadways must be cased. Therefore, this change order is to add steel casing underneath the County roadway crossing shown on the attached plan sheets.

The Alvin ISD has an agreement with the Brazoria County Engineering Office to fund the relocation of the sanitary sewer since it serves the local school. Therefore, Alvin ISD has been involved in this change order development which is shown in the attached documentation. Since the ISD is funding the sanitary sewer relocation, this work is not considered for federal participation.

The Contractor has submitted a price of \$48,588.27 to complete the casing installations which breaks down to a unit price of \$141.93/LF. The required casing is a 12" steel casing to cap the well and remove the septic system. The County has reviewed the pricing submitted and determined it to be fair and reasonable for the work required.

There are no added or revised plan sheets included with this change order.

No amended or additional environmental clearance, permits or authorizations are required for this change order.

Document Type: Change Order Memorandum
Subject: Change Order 03
Project: 0912-31-304; CR 58
Description: Sanitary Sewer Casing Placement

Change Order No. 3 (CO 3) provides a new work item to place casing to protect sanitary sewer installations. This change order does not impact the critical path, therefore no time adjustments are made.

The contract plans, designed by Austin Mclean, P.E., of McDonough Engineering, provide for the reconstruction and widening of CR 58 from CR 48 to the Savannah Development. The Contractor, ICON, remains on-site and continues to perform the contract according to the plans and the 2014 Texas Standard Specifications. All change order work is within the project limits.

The CR 58 project has a sanitary sewer relocation that is joint bid within the construction project. The relocation is shown on the attached plan sheets 187-197. The plan sheets have a trenchless placement method for lines that cross roadways, however they are not shown to be cased. The County requirements state that crossing underneath County roadways must be cased. Therefore, this change order is to add steel casing underneath the County roadway crossing shown on the attached plan sheets.

The Alvin ISD has an agreement with the Brazoria County Engineering Office to fund the relocation of the sanitary sewer since it serves the local school. Therefore, Alvin ISD has been involved in this change order development which is shown in the attached documentation. Since the ISD is funding the sanitary sewer relocation, this work is not considered for federal participation.

The Contractor has submitted a price of \$48,588.27 to complete the casing installations which breaks down to a unit price of \$141.93/LF. The required casing is a 12" steel casing to cap the well and remove the septic system. The County has reviewed the pricing submitted and determined it to be fair and reasonable for the work required.

There are no added or revised plan sheets included with this change order.

No amended or additional environmental clearance, permits or authorizations are required for this change order.

1. THE WATER MAIN SHALL HAVE A MINIMUM COVER OF 48" BELOW TOP OF CURB GRADE.
2. THE WATER SERVICE LINES THAT ARE INSTALLED BEFORE THE COMPLETION OF STREET CONSTRUCTION SHALL BE LAID IN THE SERVICE DITCH AT THE SAME ELEVATION AS THE WATER MAIN OR A MINIMUM COVER OF 48" BELOW TOP OF CURB GRADE. AT THE PROPER LOCATION FOR THE METER BOX, THE METER (CURB) STOP SHALL BE RAISED TO 18" BELOW TOP OF CURB GRADE WITH ENOUGH EXCESS TUBING TO RAISE THE STOP AT A FUTURE DATE TO 6" BELOW TOP OF CURB GRADE.
3. LOCATOR WIRE SHALL BE PLACED ON ALL MAINS AND SERVICES. (MIN. 14 GA. COPPER)
4. SINGLE METER SERVICE LINES SHALL BE 1" MIN. I.D., C.T.S. POLYETHYLENE, SDR-9.
5. CONTRACTOR TO FURNISH AND INSTALL DOUBLE SERVICE METER BOXES AT FINISH GRADE.
6. FIRE HYDRANT ASSEMBLIES SHALL NORMALLY BE LOCATED THREE FEET BEHIND BACK OF CURB, DEFLECT WATERLINES AS NECESSARY TO MAINTAIN THREE FOOT CLEARANCE. REQUIRED ASSEMBLY SHALL INCLUDE ONE LINE SIZE BY SIX INCH TEE, ONE SIX INCH GATE VALVE AND BOX, ONE FIRE HYDRANT AND SIX INCH LEAD PIPING AND TIE BACKS.
7. WATER VALVES ON MAIN LINES SHALL BE LOCATED AS CLOSE AS POSSIBLE TO EXTENDED PROPERTY LINE AND SHALL CONFORM TO AWWA C-500, OPEN LEFT, EQUIPPED WITH 2" SQUARE OPERATING NUT.
8. WATERLINES 4 INCH THROUGH 12 INCH I.D. SHALL COMPLY WITH THE REQUIREMENTS OF AWWA STANDARD C-900 CLASS 150, DR-18 WITH CAST IRON OUTSIDE DIAMETER.
9. ALL CONCRETE THRUST BLOCKING SHALL BE PLACED TO FORM A SOLID CONNECTION BETWEEN FITTINGS, VALVES, AND FIRE HYDRANTS AND UNDISTURBED EARTH. CONCRETE FOR THRUST BLOCKING SHALL HAVE A MINIMUM OF 2500 P.S.I. COMPRESSIVE STRENGTH AT 28 DAYS.
10. DUCTILE IRON COMPACT FITTINGS SHALL CONFORM TO AWWA C-153 AND END JOINTS OF FITTINGS AND MAIN LINE VALVES SHALL CONFORM TO AWWA C-153 FOR RUBBER GASKETED JOINTS. GRAY IRON AND DUCTILE IRON FITTINGS SHALL BE CEMENT LINED OR EPOXY COATED.
11. ALL FIRE HYDRANTS AND VALVE BOXES ARE TO BE ADJUSTED TO FINISH GRADE AFTER PAVING IS COMPLETE.
12. INSTALL CONCRETE BLOCK BENEATH FIRE HYDRANTS BEFORE PLACING CONCRETE THRUST BLOCKING TO INSURE THAT FIRE HYDRANTS ARE INSTALLED LEVEL.
13. CONTRACTOR SHALL NOTIFY CITY ENGINEER 48 HOURS BEFORE START OF CONSTRUCTION.
14. RIGHT ANGLE CURB STOPS MADE BY FORD, OR APPROVED EQUAL, SHALL BE USED. (SINGLE SERVICE: FORD BA43-342W OR EQUIVALENT, DOUBLE SERVICE: FORD UAB43-42W OR EQUIVALENT). ONLY PACK JOINT CURB STOPS ARE PERMITTED.
15. WATER MANIFOLDS ARE NOT PERMITTED (EXCLUDING 1 INCH WATER SERVICES WITH 1 INCH U-BRANCH ASSEMBLY).
16. WATER TAPS SHALL HAVE A MINIMUM OF 24 INCH SEPARATION BETWEEN TAPS ON THE MAIN WATER LINE.

NOTE:

1. ALL WATER METER BOXES SHALL BE MODEL NO. DFW 1600 (FOR 1/2-2") OR DFW 1200 (FOR 5/8-1") OR APPROVED EQUAL. (BOX NEEDS TO BE COMPATIBLE TO NEPTUNE PRO-READ.) LOCKING LIDS WILL NOT BE ACCEPTED.
2. PROVIDE "UNI-FLANGE" OR APPROVED EQUAL PIPE RESTRAINT AND CASING SYSTEM ON UNDERGROUND PRESSURE PIPE SYSTEMS.
3. ALL WATER TAPS TO BE PLACED IN LINE WITH PROPERTY CORNER OR PLACED HALF WAY BETWEEN THE FRONT LOT CORNERS, OR AT PC OF CURB RETURN IN MULTI LOT SUBDIVISIONS.
4. IF LOTS ARE LESS THAN 60' WIDE, TAPS ARE TO BE PLACED AT PROPERTY CORNERS.

SANITARY SEWER SYSTEM CONSTRUCTION NOTES

- 1. PVC PIPE (POLYVINYL CHLORIDE) SHALL BE IN ACCORDANCE WITH ASTM D3034, SDR 26 GRAVITY.
- 2. ALL PVC PIPE (ALL TYPES AND SDR/DR WALL THICKNESS TO BE USED) SHALL HAVE RUBBER GASKET EQUIPPED BELL AND SPIGOT JOINTS CONFORMING TO ASTM D-3212. THE GASKET MATERIAL SHALL CONFORM TO ASTM F-477. SOLVENT WELDED JOINTS WILL NOT BE APPROVED FOR CITY SEWER LINES.
- 3. MAINTAIN 12-INCH MINIMUM CLEARANCE BETWEEN ALL SANITARY SEWERS, AND CULVERTS UNLESS OTHERWISE NOTED.
- 4. BEDDING FOR ALL TYPES OF SANITARY SEWER PIPE SHALL BE CLASS "AA" AT ALL DEPTHS (NO SEPARATE PAY).
- 5. FOR ALL PVC PIPE, USE MANHOLE WATER STOP GASKET AND CLAMP ASSEMBLY AT MANHOLE CONNECTIONS (NO SEPARATE PAY).
- 6. SANITARY SEWER MANHOLES SHALL BE STANDARD TYPE, UNLESS OTHERWISE NOTED, AND BACKFILLED WITH CEMENT STABILIZED SAND AS SPECIFIED (NO SEPARATE PAY). ALL SANITARY MANHOLES SHALL BE AT LEAST 1 FOOT ABOVE THE 100 YEAR BASE FLOOD ELEVATION. SECTIONS FOR PRECAST MANHOLES SHALL BE JOINED WITH RUBBER GASKET JOINTS. "RAM NEX" MAY BE ADDED BUT CAN NOT SUBSTITUTE THE RUBBER GASKET.
- 7. ALL FAR-SIDE LEADS SHALL BE 6" DIAMETER AT 0.7% OR 8" DIAMETER AT 0.44% MIN. SLOPE AND SHALL BE PVC, DR 26, 150 PSI PRESSURE PIPE CONFORMING TO ASTM D-2241.
- 8. LEADS SERVING TWO LOTS SHALL HAVE A SERVICE "WYE" WITH PLUGS (NO SEPARATE PAY). THE "WYE" SHALL BE LOCATED WITHIN THE STREET RIGHT-OF-WAY OR ADJOINING UTILITY EASEMENT.
- 9. IF WET SAND IS ENCOUNTERED IN THE FIELD, USE SPECIAL BEDDING AS DETERMINED BY THE CITY.
- 10. PROVIDE "UNI-FLANGE" OR APPROVED EQUAL PIPE RESTRAINT AND CASING SYSTEM ON UNDERGROUND PRESSURE PIPE SYSTEMS.
- 11. CONTRACTOR SHALL MARK AND MAINTAIN RECORDS OF STUBS, STACKS, AND END OF SERVICE LEAD LOCATION AS A PART OF AS-BUILT.

SPECIAL NOTES: LOCATION OF SANITARY SEWER FACILITIES

- 1. THE UTILITY CONTRACTOR IS RESPONSIBLE FOR LOCATING AND MARKING ALL STACKS AND FAR SIDE LEADS AFTER THE PAVING IN THIS SECTION IS COMPLETE. A 1/4-INCH DEEP NOTCH SHALL BE CUT IN THE CURB AND PAINTED WITH A GREEN LINE ADJACENT TO THE STACK OR LEAD.

ALT. 2 STANDARD DETAIL

SECTION 'A-A'

- NOTES:
- 1. PROVIDE STACKS FOR SERVICE CONNECTION WHEREVER THE CROWN OF THE SEWER IS 8 FEET OR MORE BELOW FINISHED GRADE.

1 SANITARY SEWER STACK

- NOTES:
- 1. ALL SANITARY SEWER SERVICES WILL BE BROUGHT TO WITHIN 4 TO 6 FEET OF FINISHED LOT GRADE ELEVATION AT PROPERTY LINE (RIGHT OF WAY).
 - 2. SEWER SERVICE LEADS SHALL NOT BE BACKFILLED UNTIL VISUALLY INSPECTED BY CITY INSPECTOR.
 - 3. SANITARY SEWER SERVICES SHALL NOT BE CONNECTED TO MANHOLE.

(MARK ACTUAL STATION AND FLOW LINE ELEVATION OF EACH SERVICE CONNECTION AT PLUG ON AS-BUILT DRAWINGS.)

CROSS SECTION

- NOTES:
- 1. SPACERS FOR CARRIER PIPE SHALL BE STAINLESS STEEL, NEOPRENE OR APPROVED EQUAL AND SHALL BE INSTALLED TO CENTER CARRIER PIPE WITHIN CASING WITH A MAX TOLERANCE OF 1/2" BETWEEN RUNNER AND CASING INSIDE AS WELL AS PREVENT THE CARRIER PIPE FROM RESTING ON THE BELLS WITHIN THE CASING. SEE CASING TABLE FOR SPACER DISTANCE AND NUMBER OF SPACERS.
 - 2. SPACERS TO BE PLACED A MIN OF 1' BACK FROM EACH JOINT THAT FALLS WITHIN CASING, A GREATER SET BACK MAY BE REQUIRED FOR LARGER PIPE. SEE CASING TABLE FOR ADDITIONAL INFO ON SPACING OF SUPPORTS.
 - 3. WHEN INSTALLING GRAVITY PIPE WITH CASING CONTRACTOR SHALL TAKE INTO CONSIDERATION PIPE GRADE SO THAT THE SEWER PIPE MAINTAINS THE PROPER FALL.
 - 4. JOINT RESTRAINTS ARE REQUIRED ON ALL JOINTS THAT FALL UNDER OR WITHIN 10' OF HIGHWAY CROSSINGS REGARDLESS OF PIPE MATERIAL, CASED OR NOT.
 - 5. THE LENGTH OF CASING MAY VARY DEPENDING ON THE TYPE OF ROADWAY. THE CASING SHALL BE EXTENDED FROM ROW TO ROW FOR STATE HIGHWAYS, THOROUGHFARES, AND COLLECTOR STREETS.

3 STEEL PIPE CASING

- NOTES:
- 1. ALL SINGLE SEWER SERVICES AND DOUBLE SEWER SERVICES, AS SHOWN, ARE INTERCHANGEABLE, AS REQUIRED, TO CONNECT WITH STACKS, DOUBLE WYES AND WYES, AS REQUIRED, TAPS FOR PVC PIPE TO BE PVC "T" OR "Y".
 - 2. SANITARY SEWER SERVICES SHALL NOT BE CONNECTED TO MANHOLE.

- NOTE:
- 1. ALL SANITARY SEWER TAPS WILL BE PLACED IN LINE WITH PROPERTY CORNER OR PLACED HALF WAY BETWEEN THE FRONT LOT CORNERS, OR AT PC OF CURB RETURN IN MULTI LOT SUBDIVISIONS.
 - 2. IF LOTS ARE LESS THAN 60', IN WIDTH TAPS ARE TO BE PLACED AT PROPERTY CORNERS.

Does the Mud have any specs that we shall follow? If no, can we follow the County's specs and share with you first?
Also, fyi, this will be a change order for the County.

Good morning Barbara,

The force main under CR 58 should have a case pipe. I'm not too particular about the material, but the added protection and serviceability are worth it. Let me know if you have any questions. Thanks.

Kane,

Following up on that voicemail I left you this morning, I just wanted to get an update on the email below. Can you confirm whether or not MUD will require casing underneath the CR 48 crossings shown in the plan sheets?

Subject: [EXTERNAL] RE: FW: BC21 - Brazoria County - CR 58 Utility Casings (Sanitary Sewer)

Good Morning Kane,

I had reached out to the City of Pearland and MUD District about a road widening project in Brazoria County. Part of the project involves relocating a sanitary sewer line along CR 58, we were trying to see if casing would be required underneath a particular crossing at CR 48 where the new line will tie into the existing line. I attached the utility sheets from the plan set for your review, it is my understanding that the MUD district will maintain the line.

Will the MUD require casing underneath the CR 48 crossing shown in the plan sheets?

Thank you,

Good Morning Telge,

To clarify my question below, I had reviewed the City Casing Specifications and the only sanitary sewer roadway crossing in question is the CR 48 crossing at the east end of the project. Please review and provide the MUD's opinion on whether the casing is required. I apologize for any confusion, please feel free to contact me with any questions.

Good Afternoon,

I am reaching out about a roadway project that I am the project engineer on, I think Barbara with Brazoria County has spoken to you. There is a sanitary sewer line that is to be maintained by MUD No. 21 that our contractor is going to relocate as part of the road project.

In the attached utility plans from our contract, there are 4 sanitary sewer crossings of existing roadways. The e-mail chain below is where I had discussed using steel casing on these crossing with the City of Pearland Engineer. They had recommended using casing underneath the CR 48 crossing, but that I coordinate with the MUD No. 21.

Can you review the attached and advise if steel casing is required at these crossings?

Please let me know if you have any questions or need additional information.

Thank you,

Mike,
The City's guideline requires steel casing at CR 48 crossing and near Ivy Forest Ln. No issues with spacer.

The area is not in the City ETJ and the water and wastewater service appears that wastewater service is provided by MUD 21. I recommend you contact MUD 21 Engineer as shown on approved construction plan Note 4.

Raj,

Thank you for calling me today. As a follow up to our conversation, I have attached the utility plan sheets showing where the sanitary sewer line crosses the roadway for this project. There are two smaller crossings that I have circled that I believe do not need steel casing, but the crossing of CR 48 and CR 58 might. Can you give me your opinion if we would need steel casings in the locations circled?

Also, if we do require casings, the contractor has proposed the spacers they would like to use. The City specs state the spacers must be stainless steel, neoprene or an approved equivalent. They have submitted what looks like a good equivalent of Polyethylene spacers. In your opinion, does the attached casing spacer submittal look acceptable?

Thank you for your help. Please let me know if you have any questions.

Thank you,

Summary Description:

Slope Paving for SETs in Detention Pond

Status of Change: 2) RE Approved (8/5/2024 4:37 PM)

Change Value:

Cost: \$55,261.22

Schedule: 0 day(s)

Detailed Description of Change:

The CR 58 project has two detention ponds located in between CR 58 and Angelina Dr. The detention ponds are designed to be connected with a 6' x 3' Reinforced Concrete Box Culvert (RCB) and to receive the road and ditch drainage through underground drainage laterals. The RCB as well as each lateral has an SET on the end which is within the detention pond.

At the pre-construction meeting, The Brazoria Drainage District No. 4 (BDD4) had discussed the design with the construction team. BDD4 design standards do not allow the use of SETs within detention ponds. This is to limit erosion and allow for the ponds to be maintained. Therefore, BDD4 provided the included details for slope paving to be placed at each SET.

The attached plan sheets 132 – 135 show the SETs that are included with this change order. There are 12 EA – 24" SETs; 1 EA – 30" SET; and 3 EA – 6' x 3' SETs. Using the BDD4 details, the estimated work quantities are:

- 24" SET – 30 LF toe wall, 53 SF slope paving
- 30" SET – 35 LF toe wall, 62 SF slope Paving
- 6' x 3' SET – 50 LF toe wall, 92 SF slope paving

Document Type: Change Order Memorandum
Subject: Change Order 04
Project: 0912-31-304; CR 58
Description: Slope Paving for Detention Pond SETs

Change Order No. 4 (CO 4) provides new work items to place slope paving with a tow wall around the Safety End Treatments (SETs) located within the detention pond. This change order does not impact the critical path, therefore no time adjustments are made.

The contract plans, designed by Austin Mclean, P.E., of McDonough Engineering, provide for the reconstruction and widening of CR 58 from CR 48 to the Savannah Development. The Contractor, ICON, remains on-site and continues to perform the contract according to the plans and the 2014 Texas Standard Specifications. All change order work is within the project limits.

The CR 58 project has two detention ponds located in between CR 58 and Angelina Dr. The detention ponds are designed to be connected with a 6' x 3' Reinforced Concrete Box Culvert (RCB) and to receive the road and ditch drainage through underground drainage laterals. The RCB as well as each lateral has an SET on the end which is within the detention pond.

At the pre-construction meeting, The Brazoria Drainage District No. 4 (BDD4) had discussed the design with the construction team. BDD4 design standards do not allow the use of SETs within detention ponds. This is to limit erosion and allow for the ponds to be maintained. Therefore, BDD4 provided the included details for slope paving to be placed at each SET.

The attached plan sheets 132 – 135 show the SETs that are included with this change order. There are 12 EA – 24" SETs; 1 EA – 30" SET; and 3 EA – 6' x 3' SETs. Using the BDD4 details, the estimated work quantities are:

- 24" SET – 30 LF toe wall, 53 SF slope paving
- 30" SET – 35 LF toe wall, 62 SF slope Paving
- 6' x 3' SET – 50 LF toe wall, 92 SF slope paving

The Contractor has submitted unit pricing for the two work items requested by BDD4. The Contractor's estimated costs are \$55,261.22 for the change order work. This breaks down to an approximate unit price of \$4,719.15/CY for the additional work. This is above the Houston District Average Low Bid Price, however the work is specialized and in a restricted area. The contractor will be required to perform the work according to the drainage district standards as well as excavate and re-grade the area. This additional work can account for the additional cost. Therefore, this pricing is considered fair and reasonable.

The total additional cost of this change order is \$55,261.22. This change order funding will utilize federal participation at the rate specified in the Advanced Funding Agreement (AFA). This agreement states that federal reimbursement rate is 80% of the cost while the local government is responsible for 20%. Therefore, the local government will be responsible for \$11,052.24 while the federal participation amount will be \$44,208.98

This change order includes the BDD4 slope paving details as added plan sheet 145A.

No amended or additional environmental clearance, permits or authorizations are required for this change order.

Mike-

There is a lot of information that needs to be included for this CO.

As these RCPs and SETs were part of the original plan then a deduction in the cost of those items is needed to be shown with this existing participation.

Supporting documentation on the cost with the subcontractor cost, equipment, material, etc. with mark-ups to justify the price.

Additional sheet 145A was not included.

On the Typical Slope Paving drawing:

Question as to the 3K called out, as this is a structural support does it not needs to be 3.6K or 4K?

The design needs calculations included.

Question as to the 5" concrete with #4 Bars at 12" OCEW, should these not be at 8" with the 2' width?

Please provide what information is available on the calculations for the design.

Hope this helps.

Subject: 0912-31-304; CR 58 CO 4 Funding Review

Kristy,

I have attached a rough draft of the change order on CR 58 to place rip rap at the detention pond SETs. I highlighted the part where I normally summarize the funding since it is not complete, we are trying to get some guidance on this one to decide on a direction forward.

We have quotes from both The Contractor and BDD4 to do the work. I attached both quotes for your review. If BDD4 performs the work, it would be through an MOU with the County Engineering Office. If the contractor performs the work, it would be through this change order to the contract.

Would the County be eligible for Federal Funding if the Contractor performs the work? Also, are they eligible for federal funding if the BDD4 performs the work, or can the BDD4 item pricing be incorporated to the construction contract through this change order?

Please feel free to contact me with any questions.

Thank you,

Mike Winkler, PE

4. Describe the change and the reason for the change order. When necessary, include exceptions to this agreement.

This change order is required to construct a small retaining wall due to elevation differences between the ROW line and edge of sidewalk. This wall allows for a reasonable slope to be maintained both on and off the ROW at this location.

Document Type: Change Order Memorandum
Subject: Change Order 11
Project: 0912-31-304; CR 58
Description: Retaining Wall Work on Sidewalk

Change Order No. 11 (CO 11) provides a new work item to construct a two foot tall retaining wall attached to the sidewalk at STA 77+94.52 to STA 80+50.00. This change order does not impact the critical path, therefore no time adjustments are made.

The contract plans, designed by Austin Mclean, P.E., of McDonough Engineering, provide for the reconstruction and widening of CR 58 from CR 48 to the Savannah Development. The Contractor, ICON, remains on-site and continues to perform the contract according to the plans and the 2014 Texas Standard Specifications. All change order work is within the project limits.

The CR 58 project was designed to have a small variable height retaining wall which attaches to the sidewalk between STA 77+95 and STA 80+50. This work is shown on plan sheet 66. The wall is designed to attached to the sidewalk through a footing and a thickened end to support the structure. This cross section is shown on the typical section plan sheet 4. These two plan sheets are attached to this change order for reference.

The retaining wall is required since the elevation at the Right-of-Way (ROW) line is approximately 3 feet higher than the sidewalk according to the design cross sections. The natural land then continues to rise after the ROW line with landscaping that is maintained by the local Homeowners association. This wall allows for a reasonable slope to be maintained both on and off the ROW at this location.

The contract plans do not show a specific work item for this retaining wall; Rather, the area is shown as the same sidewalk item as the remainder of the project. There is also no

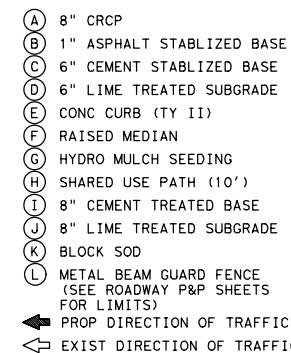

notes stating that the work is subsidiary to the sidewalk. Therefore, this change order proposes to add item 529-6015 "CONC CURB (TY C1)" to complete the retaining wall.

The contractor has agreed to perform the work under the current statewide 12-month average low bid unit price, which is \$153.36/LF. Since this pricing is based on competitive bids around the state, this pricing is considered fair and reasonable. This change order will add a total of \$39,180.41 to the contract.

This change order includes plan sheets 4 and 66 for reference only.

No amended or additional environmental clearance, permits or authorizations are required for this change order.

Chris,

We discussed the retaining wall with the County yesterday. Since the work seems well defined and can be performed under the TCP for the sanitary sewer, we would like to get a change order estimate rather than use a force account.

Can you provide a change order estimate for the retaining wall work? Please use the C1 curb item for the estimate.

Thank you,

Subject: CR 58 Retaining Wall Bid Item

Barbara/Wael,

I had met with ICON about the small retaining wall on the west end of the project. It is a 2' wall that holds the embankment for the Savannah Development landscaping where there is currently a cut. I attached the plan sheet cross section on sheet 4, it anchors with a footing that is attached to the sidewalk as one unit. I have done this before in other districts, since it is specialized compared to the rest of the sidewalk there is normally a different pay item.

It does not appear that we have a Sidewalk (MOD), Specialized Curb, or Retaining Wall item in the contract or a general note relating to it. The last time I had seen a wall attached to the sidewalk, we used item 529-6015 "CONC CURB (TY C1)" for a 3' tall one in Amarillo. If we do need to add an item, I would propose this same one. The current TxDOT 3-month Average Low Bid Price is \$200.91/LF and we have 255.48 LF. Based on this, it would be about \$52,000 worth of work.

Can you review and let me know your opinion if we need to pursue a change order? I have copied ICON and TxDOT here as well so we are all in on the discussions.

Thank you,

Mike Winkler, PE

Mike,

iCON agrees to 5 working days for the TCP asphalt and 5 working days to complete the sanitary force main. Please note that the item for barricades, signs and handling will need to be reimbursed based on the full duration of Phase 5 implementation.

iCON will also agree to install the retaining wall at the 12 month average of \$153.36/LF.
