

21-21 Summary

Approval to renew with a 7.41% price increase for "RFP #21-21 Aerial Mosquito Spraying" to Garrett Flying Services of Danbury, Texas, as per the attached.

The price increase is in line with the avgas (aviation fuel for small aircraft) which is right at 7.41%. As fuel was \$2.80 /gallon in December of 2023 and it's currently averaging \$3.78/gallon therefore the increase is appropriate.
