NOTE TO PHYSICIAN

Naled is an organophosphate cholinesterase inhibitor. Contains petroleum distillates. Measurement of blood cholinesterase activity may be useful in monitoring exposure. If signs of cholinesterase inhibition appear, atropine sulfate is antidotal. 2-PAM (Protopam) is also antidotal and may be used in conjunction with atropine, but should not be used alone. Probable mucosal damage may contraindicate the use of gastric lavage. May pose an aspiration pneumonia hazard.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER, CORROSIVE. Causes irreversible eye and skin damage. Causes skin burns. May be fatal if swallowed. Harmful if inhaled or absorbed through the skin. Do not get in eyes, on skin, or on clothing. Do not breathe vapor or spray mist. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
 Some materials that are chemical-resistant to this product are Barrier laminate, Butyl Rubber, Nitrile Rubber, and Viton.

Mixers, loaders, and other handlers must wear:

- Protective eye wear (goggles, face shield, or safety glasses)
- Long-sleeved shirt and long pants
- Socks plus shoes
- Chemical-resistant gloves (barrier laminate, butyl rubber, nitrile rubber, or viton, selection category III) and apron when mixing or loading

See engineering controls for additional requirements.

In addition, mixers and loaders must:

- Have immediately available for use in an emergency, such as a broken package, spill, or equipment breakdown the PPE specified above for handlers engaged in those activities for which use of an engineering control is not possible

Mixers, loaders, applicators and other handlers engaged in those handler activities for which use of an engineering control is not possible, such as cleaning up a spill or leak and cleaning or repairing contaminated equipment, must wear:

- Protective eye wear (goggles, face shield, or safety glasses)
- Coveralls over long-sleeve shirt and long pants
- Chemical-resistant gloves
- Chemical-resistant footwear plus socks
- Chemical-resistant apron if exposed to the concentrate
- Chemical-resistant headgear for overhead exposure
- A respirator with an organic-vapor removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-230), or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-140), or a NIOSH-approved respirator with an organic vapor (OV) cartridge or canister with any R, P, or HE prefilter. Please note that N designation for respirator filters does not apply when application is made with oils.

USER SAFETY REQUIREMENTS

- Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water.
- Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

ENGINEERING CONTROLS

- Mixers and loaders supporting aerial or mechanical ground applications must use a closed system designed by the manufacturer to enclose the pesticide to prevent it from contacting handler or other people AND the system must be functioning properly and must be used and maintained in accordance with the manufacturer's written operating instructions.
- The system must be capable of removing the pesticide from the shipping container and transferring it into mixing tanks and/or application equipment.
- At any disconnect point, the system must be equipped with a dry disconnect or dry couple shut-off device that is warranted by the manufacturer to minimize drippage to not more than 2 mL per disconnect point.

Applicators must:

- Use an enclosed cab/cockpit. Wearing specified PPE (e.g., chemical resistant gloves) within an enclosed cab/cockpit is not required.
- Be provided and have immediately available for use in case of an emergency repair of the application equipment, the PPE specified in the PPE section of this labeling for handlers engaged in those activities for which use of an engineering control is not possible.
- Take off any PPE that was contaminated before entering or reentering the cab/cockpit.
- Store all such PPE in a closed, chemical-resistant container, such as a plastic bag, to prevent contamination of the inside of the cab/cockpit.

In addition, motorized ground-equipment applicators must:

- Use an enclosed cab with a nonporous barrier that totally surrounds the occupant and prevents contact with pesticides outside the cab. The cab must either have a properly functioning ventilation system that is used and maintained according to the manufacturer's written operating instructions and is declared in writing by the manufacturer or by a governmental agency to provide at least as much protection as the type of respirator listed in the PPE section above or the occupant must wear a respirator as specified in the PPE section above.

ATTN: Brazoria County Mosquito Control

1/13/2026

Bid for mosquito spraying for Brazoria County Mosquito Control District, using our aircraft for 2026 at 1.05 oz per acre- maximum total mix.

Our charge is \$.145 per acre for all spraying; chemical furnished by the county. This will be the total cost of application of Dibrom, using our plane and pilot.

Brazoria County Mosquito Control uses diluent at .8oz per acre. Our usual load is 46,080 acres. The diluent sums up to 288 gallons a load, and each flight requires 12 gallons of diluent to clean the spray system. Therefore, the total amount of diluent used in a load is 300 gallons. We send a copy of the invoice for each load of diluent and bill Brazoria County for each job at our cost.

Diluent charge breakdown: if the diluent is \$2.46 a gallon, 300 gallons would cost \$738. \$738 divided by 46,080 acres equals \$.016 per acre.

From the time of the job order the application would be within twenty-four hours. Since we are a local business in Brazoria County same day service can be achieved most of the time.

(i) All [laborers](#) and mechanics [employed](#) or working upon [the site of the work](#) (or under the [United States Housing Act of 1937](#) or under the [Housing Act of 1949](#) in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the [Secretary](#) of Labor under the Copeland Act ([29 CFR part 3](#))), the full amount of [wages](#) and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the [wage determination](#) of the [Secretary](#) of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such [laborers](#) and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the [Davis-Bacon Act](#) on behalf of [laborers](#) or mechanics are considered [wages](#) paid to such [laborers](#) or mechanics, subject to the provisions of [paragraph \(a\)\(1\)\(iv\)](#) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such [laborers](#) and mechanics shall be paid the appropriate wage rate and fringe benefits on the [wage determination](#) for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). [Laborers](#) or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the [employer's](#) payroll records accurately set forth the time spent in each classification in which work is performed. The [wage determination](#) (including any additional classification and wage rates conformed under [paragraph \(a\)\(1\)\(ii\)](#) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at [the site of the work](#) in a prominent and accessible place where it can be easily seen by the workers.

(ii)

(A) The [contracting officer](#) shall require that any class of [laborers](#) or mechanics, including helpers, which is not listed in the [wage determination](#) and which is to be [employed](#) under the [contract](#) shall be classified in conformance with the [wage determination](#). The [contracting officer](#) shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

- (1) The work to be performed by the classification requested is not performed by a classification in the [wage determination](#); and
- (2) The classification is utilized in the area by the construction industry; and
- (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the [wage determination](#).

(B) If the contractor and the [laborers](#) and mechanics to be [employed](#) in the classification (if known), or their representatives, and the [contracting officer](#) agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the [contracting officer](#) to the [Administrator](#) of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The [Administrator](#), or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the [contracting officer](#) or will notify the [contracting officer](#) within the 30-day period that additional time is necessary.

(C) In the event the contractor, the [laborers](#) or mechanics to be [employed](#) in the classification or their representatives, and the [contracting officer](#) do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the [contracting officer](#) shall refer the questions, including the views of all interested parties and the recommendation of the [contracting officer](#), to the [Administrator](#) for determination. The [Administrator](#), or an authorized representative, will issue a determination within 30 days of receipt and so advise the [contracting officer](#) or will notify the [contracting officer](#) within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this [contract](#) from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the [contract](#) for a class of [laborers](#) or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as [stated](#) in the [wage determination](#) or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the [wages](#) of any [laborer](#) or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the [Secretary](#) of Labor has found, upon the written request of the contractor, that the applicable standards of the [Davis-Bacon Act](#) have been met. The [Secretary](#) of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding. The (write in name of [Federal Agency](#) or the loan or grant recipient) shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this [contract](#) or any other Federal [contract](#) with the same prime contractor, or any other federally-assisted [contract](#) subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay [laborers](#) and mechanics, including [apprentices](#), trainees, and helpers, [employed](#) by the contractor or any subcontractor the full amount of [wages](#) required by the [contract](#). In the event of failure to pay any [laborer](#) or mechanic, including any [apprentice](#), [trainee](#), or helper, [employed](#) or working on [the site of the work](#) (or under the [United States Housing Act of 1937](#) or under the [Housing Act of 1949](#) in the construction or development of the project), all or part of the [wages](#) required by the [contract](#), the (Agency) may, after written notice to the contractor, [sponsor](#), applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records.

(i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all [laborers](#) and mechanics working at [the site of the work](#) (or under the [United States Housing Act of 1937](#), or under the [Housing Act of 1949](#), in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of [wages](#) paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the [Davis-Bacon Act](#)), daily and weekly number of hours worked, deductions made and actual [wages](#) paid. Whenever the [Secretary](#) of Labor has found under [29 CFR 5.5\(a\)\(1\)\(iv\)](#) that the [wages](#) of any [laborer](#) or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the [Davis-Bacon Act](#), the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the [laborers](#) or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing [apprentices](#) or [trainees](#) under approved programs shall maintain written evidence of the registration of [apprenticeship programs](#) and certification of [trainee](#) programs, the registration of the [apprentices](#) and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)

(A) The contractor shall submit weekly for each week in which any [contract](#) work is performed a copy of all payrolls to the (write in name of appropriate federal agency) if the [agency](#) is a party to the [contract](#), but if the [agency](#) is not such a party, the contractor will submit the payrolls to the applicant, [sponsor](#), or owner, as the case may be, for transmission to the (write in name of agency). The payrolls submitted shall set out accurately and completely all of the information required to be maintained under [29 CFR 5.5\(a\)\(3\)\(i\)](#), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each [employee](#) (e.g., the last four digits of the [employee's](#) social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the (write in name of appropriate federal agency) if the [agency](#) is a party to the [contract](#), but if the [agency](#) is not such a party, the contractor will submit them to the applicant, [sponsor](#), or owner, as the case may be, for transmission to the (write in name of agency), the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the [sponsoring](#) government [agency](#) (or the applicant, [sponsor](#), or owner).

(B) Each payroll submitted shall be accompanied by a “Statement of Compliance,” signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons [employed](#) under the [contract](#) and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, [29 CFR part 5](#), the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, [29 CFR part 5](#), and that such information is correct and complete;

(2) That each [laborer](#) or mechanic (including each helper, [apprentice](#), and trainee) [employed](#) on the [contract](#) during the payroll period has been paid the full weekly [wages](#) earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full [wages](#) earned, other than permissible deductions as set forth in Regulations, [29 CFR part 3](#);

(3) That each [laborer](#) or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable [wage determination](#) incorporated into the [contract](#).

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the “Statement of Compliance” required by [paragraph \(a\)\(3\)\(ii\)\(B\)](#) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and [section 231](#) of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under [paragraph \(a\)\(3\)\(i\)](#) of this section available for inspection, copying, or transcription by authorized representatives of the (write the name of the agency) or the Department of Labor, and shall permit such representatives to interview [employees](#) during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the [Federal agency](#) may, after written notice to the contractor, [sponsor](#), applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to [29 CFR 5.12](#).

(4) Apprentices and trainees -

(i) Apprentices. [Apprentices](#) will be permitted to work at less than the predetermined rate for the work they performed when they are [employed](#) pursuant to and individually registered in a bona fide [apprenticeship program](#) registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, [Employer](#) and Labor Services, or with a [State Apprenticeship Agency](#) recognized by the Office, or if a person is [employed](#) in his or her first 90 days of probationary employment as an [apprentice](#) in such an [apprenticeship program](#), who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, [Employer](#) and Labor Services or a [State Apprenticeship Agency](#) (where appropriate) to be eligible for probationary employment as an [apprentice](#). The allowable ratio of [apprentices](#) to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an [apprentice](#) wage rate, who is not registered or otherwise [employed](#) as [stated](#) above, shall be paid not less than the applicable wage rate on the [wage determination](#) for the classification of work actually performed. In addition, any [apprentice](#) performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the [wage determination](#) for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every [apprentice](#) must be paid at not less than the rate specified in the registered program for the [apprentice's](#) level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable [wage determination](#). [Apprentices](#) shall be paid fringe benefits in accordance with the provisions of the [apprenticeship program](#). If the [apprenticeship program](#) does not specify fringe benefits, [apprentices](#) must be paid the full amount of fringe benefits listed on the [wage determination](#) for the applicable classification. If the [Administrator](#) determines that a different practice prevails for the applicable [apprentice](#) classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, [Employer](#) and Labor Services, or a [State Apprenticeship Agency](#) recognized by the Office, withdraws approval of an [apprenticeship program](#), the contractor will no longer be permitted to utilize [apprentices](#) at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in [29 CFR 5.16](#), [trainees](#) will not be permitted to work at less than the predetermined rate for the work performed unless they are [employed](#) pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of [trainees](#) to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every [trainee](#) must be paid at not less than the rate specified in the approved program for the [trainee's](#) level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable [wage determination](#). [Trainees](#) shall be paid fringe benefits in accordance with the provisions of the [trainee](#) program. If the [trainee](#) program does not mention fringe benefits, [trainees](#) shall be paid the full amount of fringe benefits listed on the [wage determination](#) unless the [Administrator](#) of the Wage and Hour Division determines that there is an [apprenticeship program](#) associated with the corresponding journeyman wage rate on the [wage determination](#) which provides for less than full fringe benefits for [apprentices](#). Any [employee](#) listed on the payroll at a [trainee](#) rate who is not registered and participating in a

training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the [wage determination](#) for the classification of work actually performed. In addition, any [trainee](#) performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the [wage determination](#) for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize [trainees](#) at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of [apprentices](#), [trainees](#) and journeymen under this part shall be in conformity with the equal employment opportunity requirements of [Executive Order 11246](#), as amended, and [29 CFR part 30](#).

The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the [contract](#) clauses in [29 CFR 5.5](#).

(7) Contract termination: debarment. A breach of the [contract](#) clauses in [29 CFR 5.5](#) may be grounds for termination of the [contract](#), and for debarment as a contractor and a subcontractor as provided in [29 CFR 5.12](#).

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in [29 CFR parts 1, 3, and 5](#) are herein incorporated by reference in this [contract](#).

(9) Disputes concerning labor standards. Disputes arising out of the [labor standards](#) provisions of this [contract](#) shall not be subject to the general disputes clause of this [contract](#). Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in [29 CFR parts 5, 6, and 7](#). Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting [agency](#), the U.S. Department of Labor, or the [employees](#) or their representatives.

(10) Certification of eligibility.

(i) By entering into this [contract](#), the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the [Davis-Bacon Act](#) or [29 CFR 5.12\(a\)\(1\)](#).
