

Summary – Amendment to Contract 24-48 RetireeFirst Post 65 and Retiree Health Benefits

The amendment to the RetireeFirst agreement offers a new prescription plan benefit to retirees. The plan, via Humana, replaces the Medicare Part D plan the County utilized thru Baybridge/Express Scripts (in effect until 12/31/25). However, due to price increases with the Medicare D coverage through Express Scripts, the County employed RetireeFirst to find very similar plans, but with much lower premiums.
