

Brazoria County Parks Department

Interpretive, Outreach and Education Schedule of Fees

Most education and outreach programs and activities offered by the Parks Dept. to the public are free of charge and will continue to be offered as such as a public service. However, in certain situations, when significant Park resources, such as facility and equipment use or staff time, are required above and beyond standard events, a cost recovery fee will be assessed to offset county expenses.

This Fee Schedule provides a minimum and maximum that may be charged for each activity. The amount charged per person for an activity will be determined before registration begins for the activity and will be used to offset the County's predicted cost of the activity. The Parks Department will assess multiple factors in setting the appropriate fee level, including number of participants, duration of event, necessary supplies, expertise of individual instructors, and any other considerations affecting costs to the County.

	Minimum Fee	Maximum Fee
<u>Nature Camp</u>	\$10 per person	\$50 per person
<u>Interpretive or Guided Tours</u>	\$5 per person	\$50 per person
<u>Staff-Led Activities</u>	\$5 per person	\$50 per person
