Claim and Code Review Program

This financial proposal includes enhancements that have been made to our claim and code review programs. Some of these capabilities were previously a component of our base fees, but this proposal assumes they will now instead be part of our standard shared savings arrangement.

No Surprises Act - Fees

The NSA claim administration fee will increase at each annual renewal and apply to NSA eligible claims paid on or after that renewal date. Refer to the NSA Payment Practices in our Caveats for information on our payment practices for NSA eligible claims.

No Surprises Act - IDR Fees

IDR fees are required by the NSA rules and are payable to the IDR entity. There is an initial fee to begin an arbitration, which applies to each case. There is also an additional fee for the arbitration expenses; the losing party within the dispute is liable for this fee. For batch cases, the NSA permits IDR entities to charge a different arbitration fee based on a set fee range and/or percentage of the batch fee. The fees are passed through (with no mark up by Aetna) to a customer based on the number of line items for their plan that were included in the batch case. The current NSA fees are set by federal agencies. Both the initial fee and the arbitration expense fee are subject to future adjustments by the agencies (and any such adjustments shall be applied to your plan).

Aetna Back and Joint Care™

This program combines Hinge Health's MSK digital exercise therapy and prevention programs with Aetna's Care Management resources and claims predictive analytics to create a multi-faceted program to address musculoskeletal (MSK) related needs. It is available for medically covered members 18 years and older.

Prevention:

- There is no fee for members enrolled in the prevention program.

Acute and Chronic Care:

- You will be charged \$250 for each engaged member's first session and \$50 for each subsequent session.
- The maximum amount billed per individual engaged member will be capped at \$1,750 per 365-day period, regardless of the number of programs or sessions utilized.
- The maximum average cost per member for your engaged members will be capped at \$995. Calculation of this maximum average will occur after the end of the program year.
 - If your maximum average member program cost exceeds \$995, a reconciliation credit will be allocated and provided by Hinge Health.

Full National Reciprocity

Excludes some standalone Aetna Whole Health networks. Details are available upon request.

Institutes of Excellence™ (IOE)

This program includes a steerage component by educating members on the benefits of using an IOE designated facility. However, benefit differential steerage is not supported for IOE Infertility network.

Institutes of Quality® (IOQ) Benefit Differential

This buy-up option provides flexibility to tier benefits, offering different levels of co-insurance and shifting out of pocket costs to the member when IOQs are not utilized thus encouraging use of IOQs. Members will have a higher benefit when selecting care at a facility designated as an IOQ. It is this benefit differential enhancement for which we will apply a charge. Does not apply to Aetna Whole Health or Joint Ventures (including those offered as part of APCN Plus.)

National Advantage™ Program (including the Contracted Rates, Facility Charge Review and Itemized Bill Review Components)

NAP includes a Contracted Rates component and two optional components: Facility Charge Review (FCR) and Itemized Bill Review (IBR). In addition, some plans also elect Data iSight (DiS) as their out-of-network plan rate for professional services. NAP's Contracted Rates component offers access to contracted rates for many medical claims from non-network providers (including claims for emergency services and claims by hospital-based specialists such as anesthesiologists and radiologists who do not contract with insurers) and ad hoc negotiations (when a contracted rate is not available). We retain a percentage of savings achieved through NAP, including savings achieved through FCR, IBR, and DiS, if elected. This NAP Fee is in addition to the per employee, per month administrative service fees.

Transform Oncology

Engagement begins upon the second two-way call with a Personal Navigator, regardless of timeframe. After one month without a two-way call with a Personal Navigator a member is no longer considered engaged. Reengagement occurs after the first two-way call with a Personal Navigator for a member that was previously engaged. The minimum duration for engagement-based billing is 2 months.

Allowances - Self-Funded

Effective Date: October 01, 2025

We are including allowance(s) for your Aetna plans applicable to each year of the Guarantee Period as outlined in the chart below. Allowance dollars must be used for your commercial Aetna medical plans and Aetna medical members.

Annual Allowance Type	Year 5
Plan Year Effective Date	10/01/2025
Communication	\$25,000
Wellness	\$125,000
Audit	\$35,000
Total	\$185,000

Annual allowance amounts may be adjusted if actual enrollment changes by 15 percent or more from our enrollment assumptions.

Communication Allowance

- The **Communication** allowance can be used to offset documented expenses applicable to the Guarantee Period(s) for which it is offered. Your allowance can be used for expenses associated with:
 - promoting our products, programs or services, such as, educational content and materials for enrollees or prospective enrollees
 - communicating with our members.
- Your allowance(s) cannot be used to fund expenses related to the new carrier's contract should you terminate your contract with us.
- Any expenses associated with the implementation, administration or communication of another carrier's plans, programs or services are also ineligible.

Wellness and Audit Allowances

- The **Wellness** allowance can be used to offset reasonable documented wellness-related programs or activities expenses incurred during the Guarantee Period(s). Wellness allowance expenses must be for wellness-related programs or activities that are reasonably designed to promote the health and well-being of Aetna members, or to educate Aetna members about healthy lifestyles and/or prevent disease. This means that there must be a connection to the health and well-being of the members, with a focus on preventative measures or healthy living (i.e., diet, exercise), not on acute care. Wellness programs and activities funded by allowance funds are not covered benefits under your Aetna plan.
- The **Audit** allowance can be used to offset reasonable documented expenses incurred from third-party vendors for auditing our medical claim adjudication and member eligibility. Expenses must be incurred during the Guarantee Period(s) for which it is offered.
- All allowance submissions, including those submitted by a third-party vendor, must comply with these conditions.

The above referenced fund(s) will be available after the effective date of each plan year. Only those expenses performed and billed by a third party are payable. Reimbursement for time and materials incurred directly by the plan sponsor (e.g., hours worked by the plan sponsor's own employees) are not eligible. Your normal business operation expenses, including employee salaries and overtime, are not eligible under the allowance. Our preferred method of payment is directly to the third-party vendor. We require submission of appropriate documentation detailing charges for the services provided by the vendor. Acceptable documentation includes, but is not limited to, detailed vendor invoices itemizing services provided, specific cost-elements and associated line-item charges.

On an exception basis, we can reimburse you directly provided you submit both the detailed invoice and receipt showing payment to the third-party vendor.

You should submit documentation within 60 days of the invoice date. We must receive all documentation no later than 60 days following the close of the plan year to be considered for reimbursement.

The allowance amounts indicated above for the following Allowance Type(s) are available for the years indicated in the chart. These allowances are forfeited at the end of each plan year if not fully utilized. There is no roll over of unused funds to the next policy year. Any unredeemed wellness incentives that may be offered through a "reward program" are forfeited at the end of each plan year.

Allowances - Self-Funded

Effective Date: October 01, 2025

We assume the funding of any allowance dollars is either at the request of your Plan Administrator acting in its fiduciary capacity or for the exclusive benefit of your Plan. You are responsible for determining that your use of allowance dollars is appropriate and legally compliant. With respect to allowance dollars that are used in connection with a wellness program, you are responsible for ensuring that the program and any incentives/rewards comply with applicable laws, including limitations on maximum allowable incentives/rewards. We will pay any allowances in accordance with applicable law. We suggest you seek appropriate accounting and legal counsel for all payments to ensure they comply with applicable accounting principles and laws.

If you terminate your medical plan with us in whole or in part (defined as a 50 percent or greater membership reduction from the membership we assumed in this renewal) prior to the end of the multi-year Guarantee Period, you'll be responsible for remitting payment for any allowance amounts used. Payment is due to us within 31 days of the invoice.

Caveats - Self-Funded

Effective Date: October 01, 2025

For the purposes of this document, Aetna may be referred to using "we", "our" or "us" and Brazoria County may be referred to using "you" or "your".

Our renewal is illustrative and subject to change based upon underwriting review of the information listed and requested below. Any of the information listed below, which has not been provided may be required prior to final approval of sale.

If fees are adjusted, the caveats below will apply and be based on the new assumptions.

Underwriting Caveats

Your pricing considers all the products, programs and services you have with us and will be in effect for the full 12 months of the plan year. Pricing for some programs and services are amortized over a 12-month period. Therefore, fees will not be reduced if termination occurs prior to the end of the plan year. We also assume the renewal assumptions below remain consistent throughout the plan year. We require notice to properly terminate before the plan year ends in accordance with the Termination provision in your Agreement. Otherwise, you may be charged for the cost until that notice is met.

If any of the changes outlined below occur, we may adjust your Guaranteed Fees. If this happens, you'll have to pay any difference between the fees collected and the new fees calculated back to the start of the Guarantee Period. If you are not notified of the change in advance, such difference will be reconciled in the annual accounting for the Guarantee Period. If fees are adjusted, the caveats below will be based on the new assumptions.

During the Guarantee Period we may adjust your Guaranteed Fees if:

Enrollment

There is a 15 percent change in the total number of enrolled employees for all commercial medical products combined. Our renewal assumes coverage will not be extended to additional employee groups without review of supplemental census information and other underwriting information for appropriate financial review.

Member-to-Employee Ratio

The member-to-employee ratio changes by more than 15 percent from the 1.89 ratio assumed in this quote.

Quoted Benefits and Administration

A material change is initiated by you or by legislative or regulatory action which materially affects the cost of the plan. This includes, but is not limited to, changes impacting standard contract provisions, claim settlement practices, plan administration, plan benefits or changes to the programs and services we offer you.

National Advantage™ Program

You change or terminate the National Advantage™ Program (NAP), Facility Charge Review (FCR), Itemized Bill Review (IBR), or Data iSight™ (DiS) programs.

Total Replacement

Any of the quoted lines of coverage are offered with an additional carrier.

Performance Guarantees

If any of the conditions outlined above occur, then any performance guarantees may be changed or terminated based on the caveats outlined in those guarantee documents.

Assumptions

Underwriting

Agreement Provisions

Our quotation assumes our standard Agreement provisions and claim settlement practices apply unless otherwise stated.

Participation

A minimum of 150 enrolled employees is required to administer the proposed products on a self-funded basis.

Plan Design

This renewal is based on the current benefit plan designs, plus any noted deviations, subject to the terms of our Benefit Review document.

Claim Fiduciary - Option 4

Our renewal assumes we'll provide mandatory Level I (benefit review and determination of claims) and Level II (deciding appeals and final claims determination) appeals. We'll also write the letter to the member to communicate the appeal decision. We'll defend any lawsuit originating during or after completion of the first two levels of appeals. You'll act as claim fiduciary for all voluntary appeals after Level I and Level II appeals are exhausted.

03/10/2025

Proprietary

Caveats ASC

External Review

We've included external review in our renewal. External review uses outside vendors who coordinate medical review through their network of outside physician reviewers.

Non-ERISA

For non-ERISA plan, the risk and responsibilities are different from those under ERISA plans, since the ERISA preemption and ERISA standard of performance do not apply. Our charge for non-ERISA plans must account for the additional liability risk as compared to known risks under an ERISA plan.

Member Communications

Pricing assumptions include direct communications access to Aetna membership through both ongoing Aetna Health communications and relevant ongoing included product/program specific communications. These communications can reduce member and plan costs by guiding in care navigation, managing chronic conditions, promoting preventive services, and more.

Wellness Incentives and Rewards

We offer several different wellness incentives and rewards programs that you may choose from to offer to your members. We, or our third-party vendors, will administer and distribute to your members any wellness incentives or rewards earned based on the programs selected under the direction and control of your plan. The wellness incentives and rewards earned through these programs may be taxable for your members. We will provide you with reporting which will identify members who have earned such wellness incentives or rewards. These reports will provide the data needed for any tax information reporting requirements that you determine are necessary.

With regard to these wellness incentives and rewards, you, as the Plan Sponsor have the following responsibilities:

- Ensure any incentives or rewards offered to your members comply with applicable law and any limitations imposed thereunder. This includes but is not limited to, the Health Insurance Portability Act (HIPAA), the Americans With Disabilities Act (ADA) and the Genetic Information Nondiscrimination Act (GINA).
- Distribute notices and/or obtain any authorizations required by law.
- Comply with all tax information reporting requirements regarding any wellness incentives or rewards earned through these programs (cash, cash equivalent, or other tangible property) and provided by us or our third-party vendor to your members.
- Assume any and all liability for your noncompliance with any tax withholding or information reporting requirements.

You may wish to consult with your legal counsel or other advisors as to the proper tax treatment of such wellness incentives or rewards and to ensure that the incentives or rewards offered under your program comply with applicable law.

Mental Health/Substance Abuse Benefits

Our quotation assumes that mental health/substance abuse benefits are included.

Prescription Drug Benefits

Our quotation assumes that prescription drug benefits are excluded. Your Guaranteed Fees assume the following:

- Integration to support our care management program(s) is excluded
- Integration to support combined medical and pharmacy accumulators (deductibles and out-of-pocket maximums) is excluded
- Your existing benefit plans do not include combined medical and pharmacy accumulators (deductibles and out-of-pocket maximums). If you require combined accumulators, additional fees will apply.

Additional charges may apply if you change your Pharmacy Benefit Manager and/or change the number or frequency of pharmacy data feeds.

Stop Loss Reporting

Our quotation assumes stop loss coverage is not provided by Aetna and reporting to an external vendor is included.

- We've included 12 monthly reports. If your reporting requirements change, additional fees will apply.
- If you require third-party vendor Stop Loss reporting, additional fees may apply.
- The cost for 12 monthly reports is not included in your PEPM fees and is displayed on the Programs & Services exhibit.

Aetna HealthFund® (AHF)

Our quotation assumes that any Health Reimbursement Account (HRA) for our Aetna HealthFund® plan(s) is funded by you.

Additional Products, Programs and Services

Costs for special services rendered that are not included or assumed in the pricing guarantee will be billed through the claim wire, on a single claim account, when applicable, to separately identify charges. Additional charges that are not collected through the claim wire during the year will either be direct-billed or reconciled in conjunction with the year-end accounting and may result in an adjustment to the final administration charge. For example, you will be subject to additional charges for customized communication materials, as well as costs associated with custom reporting, booklet and SPD printing, etc. The costs for these types of services will depend upon the actual services performed and will be determined at the time the service is requested.

Billing Information

Advanced Notification of Fee Change

We'll notify you of any off-anniversary fee change within 31 days of the fee change.

Late Payment

We reserve the right to assess a late payment charge at a 12 percent annual interest rate as follows:

- if you fail to pay plan benefit payments in accordance with the terms as outlined in your Master Service Agreement.
- if you fail to pay administrative service fees within 31 days of the due date.

Caveats - Self-Funded

Effective Date: October 01, 2025

Banking

We've assumed that you provide funds through a bank initiated ACH wire transfer for drafts issued under the self-funded arrangement assumed in this renewal.

When claims have accumulated to more than \$20,000, a request will be sent to you and/or your bank requesting funds for the total claims from the previous day(s). For most customers, this will mean daily claim wire transfers. In addition, there will be a month end close out request on the first banking day of each subsequent month.

The proposed banking arrangement is subject to change based on results of a credit risk evaluation. We will complete an evaluation upon notification of sale.

We've assumed you'll use no more than three primary banking lines which are shared across all self-funded products, excluding Flexible Spending Account (FSAs). Additional wire lines and customized banking arrangements will result in an adjustment to the proposed pricing.

Legislative and Regulatory Requirements

Affordable Care Act (ACA) Taxes and Fees - Notice to Self-Funded Group Health Plan's Financial Liability

The Affordable Care Act (ACA) imposed Patient-Centered Outcome Research Trust Fund fee (PCORI) on the issuers of specified health insurance policies and plan sponsors of applicable self-insured health plans. The fee was set to end in 2019, but it was extended for 10 years through 2029. The fee applies to policy or plan years ending on or after October 1, 2012, and before October 1, 2029.

Any taxes or fees (assessments) related to the Affordable Care Act that apply to the self-insured health plans are your obligation. The Administrative Service Fee does not include any such liability or the remittance of the fees on your behalf.

NSA Payment Practices

The No Surprises Act (NSA) applies to certain out of network claims at participating facilities when the member doesn't have a choice or is unaware the provider is out of network. The law protects plan participants by limiting cost sharing to the preferred benefit level and prohibits balance billing by out of network providers. For NSA eligible claims, we will pay the out of network provider an initial payment amount. In most cases, the initial payment will be an amount equal to the qualifying payment amount as defined in NSA regulations (generally, the median contracted rate for a specific service in a geographic area). A provider may choose to go to independent dispute resolution (IDR) if the provider does not accept our payment as payment in full. During the IDR process, you authorize us to pay more than the qualified payment amount in order to reasonably settle the matter when it appears expedient to do so.

Recovery of Overpayments

Our process of recovering overpayments attempts to recoup money in the most accurate, effective, and cost-efficient manner.

When seeking recovery of overpayments from a provider, we have established the following process: If unable to recover the overpayment through other means, we may offset one or more future payments to that provider for services rendered to Plan Participants by an amount equal to the prior overpayment. We may reduce future payments to the provider (including payments made to that provider involving your or other health and welfare plans that are administered by us) by the amount of the overpayment, and we will credit the recovered amount to the plan that overpaid the provider. By entering into an agreement with us, you are agreeing that its right to recover overpayments shall be governed by this process and that it has no right to recover any specific overpayment unless otherwise provided for in the Agreement.

We believe that measuring the activities described below is an important indicator of how well we service your account, as such, we have included the following performance guarantee(s) as part of our proposed offering.

This information pertains to any performance guarantee(s) shown below, or for any additional guarantees which may be offered for the same Guarantee Period. Refer to the guarantee documents for additional conditions and details.

The performance guarantee(s) described herein will not apply if the Agreement is terminated prior to the end of the Guarantee Period. In addition, all included performance guarantee(s) are subject to enrollment requirements as outlined in the financial conditions of each included guarantee.

Claim Administration

Turnaround Time (TAT)	14 calendar days for 90.0% of the processed claims on a cumulative basis.		<u>Measurement basis</u> Customer specific: ≥ 3,000 enrolled members Site Level: < 3,000 enrolled members
	We measure TAT from the claimant's viewpoint; that is, from the date the claim is received in the service center to the date that it is processed (paid, denied or pended). TAT excludes those claims identified as rework.	0.40% for each full day that the TAT exceeds 14 calendar days for 90.0% of the processed claims, up to a maximum of 2.0%.	<u>Measurement period</u> Annually

Guarantee Period: October 01, 2025 through September 30, 2026

Guaranteed ROI: 1.5:1

Aetna is providing this Back and Joint Care ROI Guarantee **on the Chronic Program** on Hinge Health's behalf. This guarantee does not include the Prevention and Acute programs. We have no legal or other responsibility for meeting this ROI guarantee and/or any payments due to you for missing the guarantee. If the guarantee is missed and you are due any payment from Hinge Health, we agree to reasonably help you in settling any related payment issues that may arise with Hinge Health.

Guarantee:

Hinge Health guarantees that the projected savings associated **with the Chronic Program**, also known as the Core Digital Care Program, of the Aetna Back and Joint Care program will be equal to one and a half (1.5) times the Guarantee Period administrative service fee of \$995 per engaged member.

Cost savings are assessed based on the reduction of pain as measured by the visual analog scale (VAS), before and after participating in the Hinge Health intensive 12-week phase.

To achieve a 1.5:1 ROI, the following calculated value needs to equal one and a half times the cost of the program:

$$(((\text{Pain at screening}) - (\text{Pain at 12 weeks})) / (\text{Pain at screening})) \times 100] \times \$71.09^* \times \text{number of participants} = \text{projected total cost saved}$$

*Based on Hinge Health's published clinical studies, the Chronic digital care pathway saves \$71.09 in Musculoskeletal (MSK) costs per participant per year for every 1 percent decrease in pain.

Example: By way of example, assume 1,000 participants go through the Chronic Program the total cost would be \$995,000 (1,000 participants multiplied by \$995). If the average pain reduction is 12% per participant, then the total program savings would equal $(12 \times \$71.09 \times 1,000) = \$853,080$. Thus the Program did not achieve the guaranteed ROI of 1.5:1.

Payment and Measurement Criteria:

If Hinge Health does not achieve a 1.5:1 ROI according to the metric above, you will receive a prorated refund up to 100 percent of the **Chronic Program** of the Aetna Back and Joint Care Guarantee Period administrative service fee.

Example: By way of example, based on the scenario described above the formula set forth would yield you a refund of \$426,280 (calculated by $[(1,492,500 - \$853,080) / \$1,492,500] \times \$995,000 = \$426,280$).

Conditions for the guarantee

We reserve the right to revise or remove the guarantee if any of the following conditions are not met.

- This guarantee requires a minimum of 50 participants engage in the Hinge Health Chronic Program by the end of the Guarantee Period.
- Member eligibility (complete, accurate and viable enrollment data; including member phone numbers) is fully loaded in our eligibility system at least 35 days prior to the effective date.
